Horary Astrology and the Judgment of Events Barbara H. Watters 2012-02 Horary Astrology and the Judgment of Events is the result of the author's thirty years of using horary methods in her professional practice. Properly used, horary astrology can warn us of dangers and analyze events with uncanny accuracy. Despite it's usefulness, it has been neglected in modern times because, as traditionally taught, the system was too cluttered with medieval dogmas to appeal to the modern mind. In this book, Barbara Watters has achieved a true breakthrough. She has

reexamined the horary system, stripped it of medieval superstition, and translated the ancient methods into modern terms. Using actual questions and events, she gives a step-by-step analysis of this method of solving problems and making decisions about real estate, travel, investments, business, employment, health, missing people, court trials, and many other matters. She also explains how to use the horary method to judge the outcome of national and political events, a field in which her predictions have been amazingly accurate. Introductory chapters focus on signs and rulers, the old planets, the new planets, strictures against judgment, the houses, turning the radical chart, timing events in the horary chart, the aspects, placing events in the horary chart, and additional considerations that affect the judgment of events.

Essential of Horary Astrology Or Prasna

Padavi M. Ramakrishna Bhat 1992 This book provides an insight into the importance of astrology viz., natal, electional and horary, as well as deals with other dimensions of this science such as spirituality, spiritualism, Ayurveda, transmigration of souls, thought-reading, dreams, temple and its rituals and effects of particular sins. The work presents new theories and methods of determining success and defeat in contests and wars with the help of illustrative charts. It urges readers to avoid fatalism commonly associated with predictions and explains how one could solve riddles in life and tide over the pessimistic attitude and related psychological problems. The author has thrown fresh light on some questions like the name of the author of Prasnamarga, line of succession of his pupils, and the authorship of the Dasadhyayi. The most significant contribution of this work is the clear exposition of the rules of Astamangala and Devaprasna, in addition to Candragupti (water-divination), martial problems, Coragrahas, Necromancy, special importance of Mandi and Dasa of its star, Kalacakradasa, etc.

New Dimensions of K.P. Astrology Dr. Arastu Prabhakar The name of late Professor Krishnamurti is well known in modern astrology. He did sincere and serious research in the field of astrology and given it a new dimension. For some time the work of Krishnamurti was neither recognised nor respected by traditional astrologers due to one or another reason. It was only in 1996 when Dr. Arastu Prabhakar, and Shri Daya Shankar (IRS) recognised the importance and face value of the work of late K.P. their efforts yielded results and astrologers as a whole came to know about the amazing system of prognostication. Dr. Arastu has gone a step ahead and blended the traditional astrology with that of K. P. to make it a compendium of vast knowledge. He has also tried to bridge the gaps which persisted in the work of K.P. to make it lucid and easily comprehensible. The present book is an almost complete book on horary astrology. Krishneeyam Alok Jagawat 2019-03-24 The great Acharya Shri Krishna composed this Grantha in 11th century A.D. Thereafter the book gained unequalled admiration and was quoted in later compositions like Prashnamarg, Vidhyāmādhaviyam and Rudra's commentary on Vrihad Jataka. The Malayalam literary composition like ūnniyaccicaritam carries citation from this great grantha. The earliest mention can be cited from Shri Govinda Bhattatiri of ṭalakkulam (a.d 1237-95) who quoted it frequently. Shri Vishnu the son of Mādhavaacharya has written the Sanskrit commentary caturasundari, which is included in this work. Sriyut Puliyyur Puruśottam ṇambudiri wrote the Malayalam commentary. This Grantha is the magnum opus of Horary astrology because of its historical value. This grantha is unique and different from most of the Jyotisha granthas. The grantha is neither too short nor too descriptive. The author mentions that he has done it intentionally so readers should not lose the interest or it should not become too complex. Level: This book is a part of advance Vedic Jyotisha related to ancient prashna system of Kerala.

Jamakkol Prasanam Tirupur S. GopalaKrishnan (GK) 2021-05-25 The Jamakkol prasanam is a distinguished technique of horary method of prediction. It is widely practiced in Tamilnadu and for the first time, this procedure is made available in English through this Book. By crossing this language barrier, the Jamakkol prasanam system offers a novel and simple method of astrological divination. This will benefit the astrological community residing in other parts of India and the world. This method is not alien to the conventional and traditional system of astrology. It encompasses all the rules, procedures and the practices of the Parasara system only. It differs in the approach with specific and special rules. The Jamakkol prasanam uses the three vital factors namely the Udhaya, the Aaruda and the Kavippu. These three fundamentals join the Jama planets and their interaction paves the way for the astrological predictions. This book teaches from the basis of the calculations involved in finding the Udhaya, the Aaruda and the Kavippu and also the

procedure to fix the Jama planets. The Kaarakathuvass of the planets, the bhavas and the signs are important to arrive at exact results. So they are dealt exhaustively and exclusively. This will be helpful not only to the practitioners of the Jamakkol prasanam, but also to the astrologers in general. Case studies have been included to facilitate the easy comprehension of the Jamakkol system.

The work is comparative and presents a picture of the role played by English judicial precedent in Hindu law. For the legal profession as well as the student of modern comparative law this book should prove a valuable compact study.

Encyclopedia of Vedic Astrology: Planets, Signs & Houses Shanker Adawal The notion that astrologers can unfold lives and reveal what waits at the next bend is a thought that comes to all and populist claims have inspired the author to come up with a series of books that will discuss the various aspects in astrology, putting together the research and findings by various groups and the experience gained during his journey. The purpose of the encyclopedia is an attempt to put a clear understanding of the process of astrology, taking into account the first basic principles and

dealing with different topics. The encyclopedia which would consist of over eighteen books, is intended to be brought out over a period of two years. These would cover the basics in astrology and then go on to the predictive techniques, the nadi astrology, tajik, yogas, nakshatras, rectification of birth time, vargas, dashas, mundane prashna, muhurta, remedy and other aspects of interest. The advantage of this would be that both students and those who want to pursue research can progress the understanding of this science in a systematic manner. Also the complete set will be of great value to those in India and abroad who want to understand various levels and will give them the flexibility of dwelling into the complexities in a coherent manner. With the growing interest to learn this science in various countries, the readers there will find this series of books very useful. This is the first book in the series and is the most important. The foundation is based on the principles of basic astrology propounded by various schools of thought. The book covers signs, their impact, the planetary impact in each sign, the role of depositors, details on each planet and their relationship when in aspect and in the divisional charts as also the complexities they can pose. This book attempts at conveying that the basic importance has to be given to the planets, their placement and various relationship as a result of the same. The yogas, dasha, nakshatras etc. will be dealt in the other books that follow, but all have to be applied keeping in mind the first basic principles that are being enumerated in this book.

Krishnamurty Paddhati Arun Bansal Krishnamurti Paddhati is an excellent system (Paddhati) of astrological predictions conceived & created by The Great Indian Astrology King, late Prof. K.S. Krishnamurti. As you must have experienced that accuracy of the time period of the events is difficult when one uses Traditional/Vedic or any

other system. KP can give you a precise YES or NO answer astrologically to your questions. To overcome the above and similar short-comings of the conventional vedic system, KP comes as savior. The position of a planet either benefic or malefic covers a large domain of 30° within a Rasi. K.P. system tends to evolve a system by which the operation of a particular planet in a Rasi, is determined by just not its placement but by the constellation it travels and the sub lord it is positioned in. All planets moving from Vernal Equinox Aries according to the Nirayana system get their results modified as they move in the Zodiac. Thus in the first 13°20' any planet transiting in Mesha will be influenced by the constellation called Aswini and so on till Revathi in which the planet will be influenced by Mercury. As the duration of the zone 13°20' for each Nakshatra is a broad zone, they are further classed into nine parts in proportion to their duration as per their Vimshotri Dasa. This is termed as the sub-lord. Normally, Jupiter, Venus, affiliated Mercury and waxing Moon are termed as natural benefics while Sun, Mars, Saturn, Rahu & Ketu as malefics. But in KP it is determined by sub lord planet is posited in.

1. The planet in a constellation will offer the result of Bhava house occupied by the lord of the constellation.
2. The planet which is situated in a constellation is the strongest to offer the results of the house occupied by the lord of the constellation..
3. The occupants of a house is strong to give the results of the house occupied by it. Planets in the constellation of the occupants of a Bhava will indicate the fruits of the Bhava.
4. Planet deposited in the constellation of the lord of the sign where the cusp of a house falls.
5. Then only the lord of the sign where the cusp of a house falls. The above form the various signifiers for the determination of a particular event. Only the conjoined planets of the above should be utilised for determining the end result. Hence it may be concluded that the planet is the resource, constellation indicates nature of the result and the sub is a deciding factor whether the matter is favourable or not. Unless the last is favourable we do not call it a benefic. Note:- Rahu & Kethu are Nodes. A node signifies firstly the results of the

planet or planets with which It Is conjoined, then the results of lord of the constellation in which It is deposited, then the planet or planets aspecting it and lastly of the owner of the sign in which it is deposited.

Handbook of Horary Astrology Karen Hamaker-Zondag 1993 Horary astrology is the only form of astrology that provides direct and decisive answers to questions that we want answered as soon as we ask them. It is pure predictive astrology and the interpretation of the chart is quite different than it would be one were reading a birthchart. HamakerZondag has written this basic horary textbook for students who want to explore the concepts of horary, but who have been trained in character reading the psychological symbolism that can be seen in the natal chart. Because all facets of astrology are still developing, we are constantly adding new material to our body of astrological knowledge and technique, and HamakerZondag says that these changes are based on the astrologers experience and our changing social structure. She briefly outlines some of the classical techniques used years ago for horary calculations, and then concentrates on the material that works for her in her practice in Holland. This is an excellent text for astrologers who want to start using horary techniques to answer specific questions.

The Astrology Book James R Lewis 2003-03-01 The scientific, historic, and popular basis behind the ancient art of astrology is explored in this comprehensive reference. The guide also includes a table of astrological glyphs and abbreviations, a section on casting a chart, and a chapter that explains and interprets every planet in every house and sign.

Encyclopedia of Vedic Astrology: Remedies Shanker Adawal There are large number of books available in the public domain which talks about various remedial methods that could be followed. Also there are groups of people who talk about the benefits of yoga, mantra, yantra and allied topics, each of which has a scientific logic as is the case with the manuscripts left behind by the Rishis. As we all are aware, there are planets which by their interaction, govern our destiny. My belief, developed during the study of this science, is that

destiny depends on four major things in equal proportion. These are; our previous karma, the place where we are staying, the people with whom we interact and our own efforts. These are the four parameters and within each comes the important of a large gamut of activities. There is a complex equation that is a matter of study and research which, like any other science, gets deciphered and known. I therefore believe that chart at the time of birth, coupled with the year's horoscope and the time at which the query is being asked, have to be co-related and a vector from them gives the correct analysis of the query. Similarly, as each planet is associated with a colour and the colours are in turn related to vibrations - a complex phenomenon by itself; the various mantras, colour therapy and other remedies have relevance.

The author further claims that doctors too have started acknowledging the efficacy of healing through astrological charts. Go ahead. Elements of Vedic Astrology K. S. Charak 1998
A Textbook of Varshaphala K. S. Charak 1996 The First Book On Annual Horoscopy Or Varshaphala (The Tajika System) Which Is Fully Illustrated.
The Only Way to Learn about Horary and Electrical Astrology Marion D. March 1994 "The Only Way To...Learn About Horary and Electional Astrology, Volume VI" is a fascinating study. Horary astrology is based on the planetary positions that exist at the exact time a question is asked. Electional astrology deals with choosing a time to "give birth" -- to a baby, a business, a marriage, a job.

27 Stars, 27 Gods Vic DiCara 2012-12-29 Over a decade of dedicated research! Over a year of writing and editing! With the blessings and guidance of a swami, a babaji, and a Sanskrit scholar, Vic DiCara presents you the world's most definitive, simple and completely awesome explanation of the mythology and meaning within the 27 stars of ancient Indian astrology! If you are an astrologer or a fan of astrology, you will be transformed by Vic's radically clear and straightforward explanations of Sanskrit, Vedic mythology, and mastery of intuitive symbolism. If you are a lover of India and her culture, you will delight in these deep revelations and rare expositions of familiar gods like Vishnu, not-so-familiar gods like Varuna, and nearly forgotten gods like Ajaikapat. If you are a spiritual seeker, you will discover the origin of the universe, the meaning of life, and essential clues in the eternal quest for the "fountain of youth." The 160 pages of this book are abundantly replete with exact references and footnotes to satisfy the scholars among you. The book is dripping with dramatic storytelling, filled with philosophy as clear and deep as a Himalayan lake, and precisely presents the perfectly useful astrological symbolism of the divine stars. ** "If there is anything Vedic and spiritual about Hindu astrology, then this is the book that can teach us about it. Vic leads us into the wonderful depths of Vedic wisdom by relating the myths connected with each of the 27 lunar mansions and their deities. Using this approach, this book goes considerably deeper than other Jyotish textbooks I have seen. Warmly recommended, even to non-astrologers! Can we hope for follow-up book about the Hindu planetary deities?" - Dieter Koch, Indologist and Archaeoastronomer Co-creator of the Swiss Ephemeris "Vic DiCara's exploration and definitive research on the lunar mansions brings the primordial zodiac alive with the rich symbolism and sacred stories of Indian lore. We often forget that the basis of Vedic astrology will always be the

mystical mythology associated with Jyotish, the science of light. Mr. DiCara's brilliant text illuminates our path home to the divine through his deep understanding and the blessings of the gods and goddesses of ancient India" - Dennis M. Harness, Ph.D. Psychologist, Writer and Vedic Astrologer "27 Stars, 27 Gods is a fantastically deep book about the fixed stars of Vedic astrology. It is well written and well researched, and is a clear and enjoyable read! I highly recommend it for everyone from astrologers to yogis and everyone in between." - Juliana Swanson, RN ACVA Teacher, Jyotish Visharada & Kovid More than a journey through the outer universe of astrological stars, 27 Stars 27 Gods is a journey through the driving forces of the subconscious inner universe. By helping us identify these influences Vic DiCara helps us understand ourselves better and progress more smoothly on our life's journey. 27 Stars 27 Gods can be a reference book in the hands of an experienced astrologer, but it is also a self improvement tool for any reader interested in exploring life in depth. Rahu & Kethu Tirupur S. GopalaKrishnan (GK) 2021-06-21 Astronomically, the intersection points of the sun and moon - on their movements in the celestial sphere - are called Rahu and Kethu. They are also called the north node and south node. Rahu and Kethu are unimaginably huge dark shadows in space. During their transit, when their

shadow falls on any planet, that planet's all-effects will be completely altered or diverted by Rahu and Kethu. Rahu and Kethu are solely responsible for a beggar to become a millionaire and a millionaire to become a beggar. This book elaborately discusses the effects of Rahu and Kethu. In the horoscope, how Rahu and Kethu are positioned, how the planets and the houses (Bhavas) are affected by them in the birth chart are all analysed in this book. How and when the natives will be affected? To what extent they will be affected? It is because of the birth chart, the transit movement and the Dhasa Bhukthi of Rahu and Kethu? They are all clearly explained in this book with many birth charts. Kindly read this book thoroughly, analyse it with your known people's horoscope, and experience the result. It will surely give you goosebumps!

GK win Degree System of Astrology Tirupur
 S.GopalaKrishnan(GK) 2019-06-18 It is a simple method for prediction through which, even a person with a basic knowledge of astrology can give predictions based on the birth chart. The method utilizes the degrees of the planets in the birth chart .The planets in the highest degree and lowest degree are taken into account. Even planets which are 6/8 positions away from each other, will be combined when their degrees are close. Through this method we can predict whose relationship will be beneficial for him/her. We can also predict the planets which will support him though out his/her life, the gods whom should be worship and so on. Predictions together with the planets in the transit and the birth chart are also easily given.

Bhrigu Samhita (Predictive Techniques Deciphered) Shanker Adawal It gives me immense pleasure to bring forth the second revised edition of my highly cherished work of Bhrigu Samhita, an ancient and unique treatise in predictive astrology. I was equally elated and feel ecstatic for having received encouraging as well as critical responses from the esteemed and avid readers. It deference to their valuable suggestions and also some ambiguity pointed by them, I have revised some part of the chapter on "Basic Astrology" and also brought about improvement and amplifications in certain parts of the analyses

of various charts wherein the evolved principles which are specifically important in delineating horoscopes on the format of Bhrigu Samhita are further explained. This was done with a view to make the explanations more cogent in comprehend. This will also address the concern sown by the valued readers in some places of earlier narrations.

Dots of Destiny Vinay Aditya 2005-10-19 First ever book on Advanced Predictive Techniques of Ashtakavarga (Vedic Astrology) which leads the student step-by-step to the application of Ashtakavarga for everyday predictions. Reveals the decisive role of Ashtakavarga in analysing the dreaded period of sadhe-sati and much more. Vinay Aditya is the Associate editor of the 'Vedic Astrology' magazine, and author of a book on Ashtakavarga. Vinay Aditya holds a degree in engineering besides Jyotish Visharad from Bharatiya Vidya Bhawan, New Delhi. He has been teaching astrology for nearly 8 years, now with the ICAS. He has also been the faculty member at the ACVA conferences. He has given consultations to over thousand persons in Germany. Dots of Destiny describes advanced predictive techniques in a very lucid manner. Vinay Aditya, an engineer by education, opted for the highly evolved science of Vedic Astrology in India. Interestingly, also came across many articles by by Aditya, Vinay in 'Vedic Astrology' magazine. Great reading to all interested in Vedic Astrology and ancient predictive techniques of India. Basic knowledge of Vedic Astrology is a prerequisite to understand and enjoy reading Dots of Destiny. The entire edifice of astrology rests on the interpersonal play of planets in the backdrop of zodiacal signs. Ashtakavarga is the only method which puts this interplay into a competent system. A planet will do

a job according to its strength. The other methods Shadbala (Parashari), Panchavargiya bala (Tajik), or Grahabala (Jaimini), have their own specific value, but they all seem to miss a very important point. And that is, that a planet does not operate in a vacuum, the other six planets are always somewherearound. Therefore, a planet will do a job only in as much measure as the other planets would allow it to do. The other planets either support its assignment or oppose it. In a nutshell, the native, at all times, experiences the combined results of all the planets. It is only a manner of speech amongst astrologers that a particular planet is causing trouble or otherwise because talking of all the seven planets in the same breath is difficult. It is for this reason that the Ashtakavarga system, when we say that Jupiter is powerful because it has 7 Bhinnashtaka bindus, or 42 Sarvashtaka bindus in a sign, what we mean is, that all the planets have gathered together to invest into Jupiter this power. In no other branch of astrology this truly democratic approach is visible so clearly. If there is any sanctity or rationale of Ashtakavarga in the birth chart, it ought to be explored in other charts too, since in all the charts, it is always the interplay of planets with each other that causes events. Whether the results of this exploration are acceptable to the astrologers, by and large, will depend on successful predictions made by the explorers using Ashtakavarga techniques. If and when a sufficient statistical proof is available, then these techniques may be inducted into astrological dicta of the present times. Ashtakavarga seems to be progressively getting out of bounds for those orthodox astrologers who, before they accept an astrological idea, keep propping up the refrain, "Where is it written in the classics?"
