Food IQ: 100 Questions, Answers, and Recipes to Raise Your Cooking Smarts Daniel Holzman

2022-02-22 In the spirit of books like *Salt, Fat, Acid, Heat* and *Food Lab*, an informative, entertaining, and essential guide to talking your kitchen smarts to a higher level--from two food world professionals (a chef and a writer). When food writer Matt Rodbard met chef Daniel Holzman while covering the opening of his restaurant, the Meatball Shop, on New York's Lower East Side, it was a match made in questions. More than a decade later, the pair have remained steadfast friends--they write a popular column together, and talk, text, and DM about food constantly. Now, in *Food IQ*, they're sharing their passion and deep curiosity for home cooking, and the food world zeitgeist, with the world. Featuring 100 essential cooking questions and answers, *Food IQ* includes recipes and instructions for a variety of dishes that utilize a wide range of ingredients and methods. Holzman and Rodbard provide essential information every home cook needs on a variety of cooking fundamentals, including: Why does pasta always taste better in a restaurant? (The key to a perfect sauce is not pasta water, but a critical step involving . . . emulsification.) When is it okay to cook with frozen vegetables? (Deep breath. It's very much OK, but only with certain types.) What is baker's math, and why is it the secret to perfect pastry every time? (It uses the weight of flour as

the constant and . . . we have a handy chart for you.) Rodbard and Holzman also offer dozens of delicious recipes, such as Oyakodon--Chicken and Eggs Poached in Sweet Soy Sauce Dashi, The Cast Iron Quesadilla That Will Change the Way You Quesadilla, and 40 Minute Red Sauce. Throughout this culinary reference guide and cookbook readers can expect to find both wisdom and wit, as well as stunning photos and illustrations, and illuminating conversations with notable chefs, writers, and food professionals such as Ina Garten, Roy Choi, Eric Ripert, Helen Rosner, Thérèse Nelson, Priya Krishna, and Claire Saffitz. From grilling to sous vide, handmade pasta to canned fish, and deconstructing everything from salt and olive oil to organic produce and natural wine, *Food IQ* is a one-stop shop for foodies and home cooks, from novices to the most-adventurous culinarians. You don't know what you don't know. *Home Is in the Kitchen* Dan DiPaolo 2011-07-15 A small, quiet farmstead in Burlington, Wisconsin, is an unexpected setting for the abundance of creative activity that bustles out of it. Here, Dan DiPaolo creates his signature artwork that is used on his popular calendars. His subjects vary greatly, but all retain a playful sense of whimsy rendered with a winning blend of country charm and easy sophistication. The one thing that brings people together and stimulates good conversations and happy memories? Food, of course. And whether the meal's prepared there, consumed there, or both, the kitchen plays no

small role. It's no wonder that this is where Dan DiPaolo draws his inspiration for the cooking--and dining-themed monthly Home Is in the Kitchen 2012 Wall Calendar featuring chefs, waiters, and good food and wine.
