My Foreign Cities: A Memoir Elizabeth Scarborough 2013-04-08 "Uplifting . . . it's about savoring the present, not allowing sadness to dominate and surrendering yourself to love, for better or worse."—San Francisco Chronicle When she was just seventeen, independent and ambitious Elizabeth Scarborough fell in love with irreverent and irresistible Stephen. She knew he had cystic fibrosis, that he was expected to live only until the age of thirty or so, and that soon she'd have a choice to make. She could set out to travel, date, and lead the adventurous life she'd imagined, or she could be with Stephen, who came with an urgency of his own. In choosing him, Scarborough embraced another kind of adventure—simultaneously joyous and heartrending—staying with Stephen and building a life in the ten years they'd have together. The illness would be present in the background of their lives and then ever-more-insistently in the foreground. Beyond the illness, though, is a breathtaking love story. In crystalline prose, Scarborough describes the pulse of her relationship with Stephen with all its illuminating quirks. Like any young couple, they agonize about career choices, attempt ill-fated road trips, bargain about whether to adopt a puppy, and host one memorably disastrous Thanksgiving. They navigate the growing pains of their twenties alongside the twists and turns of life-threatening disease; if their telephone rings at midnight, the

caller might be a heartbroken friend, or the hospital offering a new set of lungs. As time goes on and trouble looms, the dangers of Stephen's illness consume her, just as they will consume readers who feel they have come to know this extraordinary couple. Scarborough tells her story of fierce love and its limitations with humor, grace, and remarkable bravery. *My Foreign Cities* is a portrait of a young couple approaching mortality with reckless abandon, gleefully outrunning it for as long as they can.

Caste Isabel Wilkerson 2020-08-04 #1 NEW YORK TIMES BESTSELLER • OPRAH'S BOOK CLUB PICK • "An instant American classic and almost certainly the keynote nonfiction book of the American century thus far."—Dwight Garner, *The New York Times* The Pulitzer Prize-winning, bestselling author of *The Warmth of Other Suns* examines the unspoken caste system that has shaped America and shows how our lives today are still defined by a hierarchy of human divisions. #1 NONFICTION BOOK OF THE YEAR: *Time* ONE OF THE BEST BOOKS OF THE YEAR: *The Washington Post*, *The New York Times*, *Los Angeles Times*, *The Boston Globe*, *O: The Oprah Magazine*, *NPR*, *Bloomberg*, *The Christian Science Monitor*, *New York Post*, *The New York Public Library*, *Fortune*, *Smithsonian Magazine*, *Marie Claire*, *Slate*, *Library Journal*, *Kirkus Reviews* Winner of the Carl Sandberg Literary Award • Winner of the Los Angeles Times Book Prize • National Book Award Longlist • National Book

The hierarchy of caste is not about feelings or morality. It is about power—which groups have it and which do not.” In this brilliant book, Isabel Wilkerson gives us a masterful portrait of an unseen phenomenon in America as she explores, through an immersive, deeply researched, and beautifully written narrative and stories about real people, how America today and throughout its history has been shaped by a hidden caste system, a rigid hierarchy of human rankings. Beyond race, class, or other factors, there is a powerful caste system that influences people’s lives and behavior and the nation’s fate. Linking the caste systems of America, India, and Nazi Germany, Wilkerson explores eight pillars that underlie caste systems across civilizations, including divine will, bloodlines, stigma, and more. Using riveting stories about people—including Martin Luther King, Jr., baseball’s Satchel Paige, a single father and his toddler son, Wilkerson herself, and many others—she shows the ways that the insidious undertow of caste is experienced every day. She documents how the Nazis studied the racial systems in America to plan their outcasting of the Jews; she discusses why the cruel logic of caste requires that there be a bottom rung for those in the middle to measure themselves against; she writes about the surprising health costs of caste, in depression and life expectancy, and the effects of this hierarchy on our culture and politics. Finally, she points forward to ways America can move beyond the artificial and destructive separations of human divisions, toward hope in our common humanity. Original and revealing, *Caste: The Origins of Our Discontents* is an eye-opening story of people and history, and a reexamination of what lies under the surface of ordinary lives and of American life today.

The Impossible City Karen Cheung 2022-02-15 A boldly rendered—and deeply intimate—account of Hong Kong today, from a resilient young woman whose stories explore what it means to survive in a city teeming with broken promises. “[A] pulsing debut . . . about what it means to find your place in a city as it vanishes before your eyes.”—The New York Times Book Review ONE OF THE BEST BOOKS OF THE YEAR: The Washington Post Hong Kong is known as a place of extremes: a former colony of the United Kingdom that now exists at the margins of an ascendant China; a city rocked by mass protests, where residents rally—often in vain—against threats to their fundamental freedoms. But it is also misunderstood, and often romanticized. Drawing from her own experience reporting on the politics and culture of her hometown, as well as interviews with musicians, protesters, and writers who have watched their home transform, Karen Cheung gives us a rare insider’s view of this remarkable city at a pivotal moment—for Hong Kong and, ultimately, for herself. Born just before the handover to China in 1997, Cheung grew up questioning what version of Hong Kong she belonged to. Not quite at ease within the middle-class, cosmopolitan identity available to her at her English-speaking international school, she also resisted the conservative values of her deeply traditional, often dysfunctional family. Through vivid and character-rich stories, Cheung braids a dual narrative of her own coming of age alongside that of her generation. With heartbreaking candor, she recounts her yearslong struggle to find reliable mental health care in a city reeling from the traumatic aftermath of recent protests. Cheung also captures moments of miraculous triumph, documenting Hong Kong’s vibrant counterculture and taking us deep into its indie music and creative scenes. Inevitably, she brings us to the protests, where her understanding of what it means to belong to Hong Kong finally crystallized. An exhilarating blend of memoir and reportage, *The Impossible City* charts the parallel journeys of both a young woman and a city as they navigate the various, sometimes contradictory paths of coming into one’s own. **LOGLISTED FOR THE ANDREW CARNEGIE MEDAL**

Istanbul Orhan Pamuk 2006-12-05 From the Nobel Prize winner and acclaimed author of *My Name is Red* comes a portrait of Istanbul by its foremost writer, revealing the melancholy that comes of living amid the ruins of a lost empire. "Delightful, profound, marvelously origina.... Pamuk tells the story of the city through the eyes of memory." —The Washington Post Book World A shimmering evocation, by turns intimate and panoramic, of one of the world's great cities, by its foremost writer. Orhan Pamuk was born in Istanbul and still lives in the family apartment building where his mother first held him in her arms. His portrait of his city is thus also a self-portrait, refracted by memory and the melancholy—or *hüzün*—that all Istanbulers share. With cinematic fluidity, Pamuk moves from his glamorous, unhappy parents to the gorgeous, decrepit mansions overlooking the Bosphorus; from the dawning of his self-consciousness to the writers and painters—both Turkish and foreign—who would shape his consciousness of his city. Like Joyce's Dublin and Borges' Buenos Aires, Pamuk's Istanbul is a triumphant encounter of place and sensibility, beautifully written and immensely moving.

2022-03-01 NEW YORK TIMES BESTSELLER • A searing, deeply moving memoir of illness and recovery that traces one young woman's journey from diagnosis to remission to re-entry into "normal" life—from the author of the *Life*, Interrupted column in *The New York Times* ONE OF THE BEST BOOKS OF THE YEAR: *The New York Times* Book Review, *The Washington Post*, *Bloomberg*, *The Rumpus*, *She Reads*, *Library Journal*, *Booklist* • "I was immersed for the whole ride and would follow Jaouad anywhere. . . . Her writing restores the moon, lights the way as we learn to endure the unknown."—Chanel Miller, *The New York Times* Book Review "Beautifully crafted . . . affecting . . . a transformative read . . . Jaouad's insights about the self, connectedness, uncertainty and time speak to all of us."—*The Washington Post* In the summer after graduating from college, Suleika Jaouad was preparing, as

they say in commencement speeches, to enter "the real world." She had fallen in love and moved to Paris to pursue her dream of becoming a war correspondent. The real world she found, however, would take her into a very different kind of conflict zone. It started with an itch—first on her feet, then up her legs, like a thousand invisible mosquito bites. Next came the exhaustion, and the six-hour naps that only deepened her fatigue. Then a trip to the doctor and, a few weeks shy of her twenty-third birthday, a diagnosis: leukemia, with a 35 percent chance of survival. Just like that, the life she had imagined for herself had gone up in flames. By the time Jaouad flew home to New York, she had lost her job, her apartment, and her independence. She would spend much of the next four years in a hospital bed, fighting for her life and chronicling the saga in a column for *The New York Times*. When Jaouad finally walked out of the cancer ward—after countless rounds of chemo, a clinical trial, and a bone marrow transplant—she was, according to the doctors, cured. But as she would soon learn, a cure is not where the work of healing ends; it's where it begins. She had spent the past 1,500 days in desperate pursuit of one goal—to survive. And now that she'd done so, she realized that she had no idea how to live. How would she reenter the world and live again? How could she reclaim what had been lost? Jaouad embarked—with her new best friend, Oscar, a scruffy terrier mutt—on a 100-day, 15,000-mile road trip across the country. She set out to meet some of the strangers who had written to her during her years in the hospital: a teenage girl in Florida also recovering from cancer; a teacher in California grieving the death of her son; a death-row inmate in Texas who'd spent his own years confined to a room. What she learned on this trip is that the divide between sick and well is porous, that the vast majority of us will travel back and forth between these realms throughout our lives. *Between Two Kingdoms* is a profound chronicle of survivorship and a fierce, tender, and inspiring exploration of what it means to begin again.

The City We Became N. K. Jemisin 2020-03-24 Three-time Hugo Award-winning and New York Times bestselling author N.K. Jemisin crafts her most incredible novel yet, a "glorious" story of culture, identity, magic, and myths in contemporary New York City. In Manhattan, a young grad student gets off the train and realizes he doesn't remember who he is, where he's from, or even his own name. But he can sense the beating heart of the city, see its history, and feel its power. In the Bronx, a Lenape gallery director discovers strange graffiti scattered throughout the city, so beautiful and powerful it's as if the paint is literally calling to her. In Brooklyn, a politician and mother finds she can hear the songs of her city, pulsing to the beat of her Louboutin heels. And they're not the only ones. Every great city has

a soul. Some are ancient as myths, and others are as new and destructive as children. New York? She's got six. For more from N. K. A New York Review Books Original "[A] giant of modern Chinese literature" —The New York Times "With language as sharp as a knife edge, Eileen Chang cut open a huge divide in Chinese culture, between the classical patriarchy and our troubled modernity. She was one of the very few able truly to connect that divide, just as her heroines often disappeared inside it. She is the fallen angel of Chinese literature, and now, with these excellent new translations, English readers can discover why she is so revered by Chinese readers everywhere." —Ang Lee Eileen Chang is one of the great writers of twentieth-century China, where she enjoys a passionate following both on the mainland and in Taiwan. At the heart of Chang's achievement is her short fiction—tales of love, longing, and the shifting and endlessly treacherous shoals of family life. Written when Chang was still in her twenties, these extraordinary stories combine an unsettled, probing, utterly contemporary sensibility, keenly alert to sexual politics and psychological ambiguity, with an intense lyricism that echoes the classics of Chinese literature. Love in a Fallen City, the first collection in English of this dazzling body of work, introduces American readers to the stark and glamorous vision of a modern master.

Cities was described by The New York Times as "perhaps the most influential single work in the history of town planning....[It] can also be seen in a much larger context. It is first of all a work of literature; the descriptions of street life as a kind of ballet and the biting satiric account of traditional planning theory can still be read for pleasure even by those who long ago absorbed and appropriated the book's arguments." Jane Jacobs, an editor and writer on architecture in New York City in the early sixties, argued that urban diversity and vitality were being destroyed by powerful architects and city planners.

Rigorous, sane, and delightfully epigrammatic, Jacobs's small masterpiece is a blueprint for the humanistic management of cities. It is sensible, knowledgeable, readable, indispensable. The author has written a new foreword for this Modern Library edition.

My Past Is a Foreign Country: A Muslim feminist finds herself Zeba Talkhani 2019-06-27

A story of faith, feminism and finding yourself, for fans of *Educated* and *The Good Immigrant*.

'Touching on often taboo subjects . . . Talkhani's story of grit is a portrait of a young woman who refused to let others define her.' ELLE 28-year-old Zeba Talkhani charts her experiences growing up in Saudi Arabia amid patriarchal customs reminiscent of *The Handmaid's Tale*, and her journey to find freedom in India, Germany and the UK. Talkhani offers a fresh perspective on living as an outsider and examines her relationship with her mother and the challenges she faced when she experienced hair loss at a young age. Rejecting the traditional path her culture had chosen for her, Talkhani became financially independent and married on her own terms in the UK. Drawing on her personal experiences Talkhani shows how she fought for the right to her individuality as a Muslim feminist and refused to let negative experiences define her. The City of Palaces Michael Nava 2014-04-10 In the years before the Mexican Revolution, Mexico is ruled by a tiny elite that apes European culture, grows rich from foreign investment, and prizes racial purity. The vast majority of Mexicans, who are native or of mixed native and Spanish blood, are politically powerless and slowly starving to death. Presiding over this corrupt system is Don Porfirio Díaz, the ruthless and inscrutable president of the Republic. Against this backdrop, *The City of Palaces* opens in a Mexico City jail with the meeting of Miguel Sarmiento and Alicia Gavilán. Miguel is a principled young doctor, only recently returned from Europe but wracked by guilt for a crime he committed as a medical student ten years earlier. Alicia is the spinster daughter of an aristocratic family. Disfigured by smallpox, she has devoted herself to working with the city's destitute. This unlikely pair—he a scientist and atheist and she a committed Christian—will marry. Through their eyes and the eyes of their young son, José, readers follow the collapse of the old order and its bloody aftermath. *The City of Palaces* is a sweeping novel of

interwoven lives: Miguel and Alicia; José, a boy as beautiful and lonely as a child in a fairy tale; the idealistic Francisco Madero, who overthrows Díaz but is nevertheless destroyed by the tyrant's political system; and Miguel's cousin Luis, shunned as a "sodomite." A glittering mosaic of the colonial past and the wealth of the modern age, *The City of Palaces* is a story of faith and reason, cathedrals and hovels, barefoot street vendors and frock-coated businessmen, grand opera and silent film, presidents and peasants, the living and the dead. A History of the Present Illness Louise Aronson 2013-01-22 Sixteen "lovely, nuanced" (The New York Times) linked stories from a potent new voice—a doctor with an M.D. from Harvard and an M.F.A. in fiction. *A History of the Present Illness* takes readers into overlooked lives in the neighborhoods, hospitals, and nursing homes of San Francisco, offering a deeply humane and incisive portrait of health and illness in America today. An elderly Chinese immigrant sacrifices his demented wife's well-being to his son's authority. A busy Latina physician's eldest daughter's need for more attention has disastrous consequences. A young veteran's injuries become a metaphor for the rest of his life. A gay doctor learns very different lessons about family from his life and his work. And a psychiatrist who advocates for the underserved may herself be crazy. Together, these honest and compassionate stories introduce a striking new literary voice and provide a view of what it means to be a doctor and a patient unlike anything we've read before. In the tradition of Oliver Sacks and Abraham Verghese, Aronson's writing is based on personal experience and addresses topics of current social relevance. Masterfully told, *A History of the Present Illness*

explores the role of stories in medicine and creates a world pulsating with life, speaking truths about what makes us human.

Let the Great World Spin Colum McCann 2009-11-30 NATIONAL BOOK AWARD WINNER • Colum McCann's beloved novel inspired by Philippe Petit's daring high-wire stunt, which is also depicted in the film *The Walk* starring Joseph Gordon-Levitt In the dawning light of a late-summer morning, the people of lower Manhattan stand hushed, staring up in disbelief at the Twin Towers. It is August 1974, and a mysterious tightrope walker is running, dancing, leaping between the towers, suspended a quarter mile above the ground. In the streets below, a slew of ordinary lives become extraordinary in bestselling novelist Colum McCann's stunningly intricate portrait of a city and its people. *Let the Great World Spin* is the critically acclaimed author's most ambitious novel yet: a dazzlingly rich vision of the pain, loveliness, mystery, and promise of New York City in the 1970s. Corrigan, a radical young Irish monk, struggles with his own demons as he lives among the prostitutes in the middle of the burning Bronx. A group of mothers gather in a Park Avenue apartment to mourn their sons who died in Vietnam, only to discover just how much divides them even in grief. A young artist finds herself at the scene of a hit-and-run that sends her own life careening sideways. Tillie, a thirty-eight-year-old grandmother, turns tricks alongside her teenage daughter, determined not only to take care of her family but to prove her own worth. Elegantly weaving together these and other seemingly disparate lives, McCann's powerful allegory comes alive in the unforgettable voices of the city's people, unexpectedly drawn together by hope, beauty, and the "artistic crime of the century." A sweeping and radical social novel, *Let the Great World Spin* captures the spirit of America in a time of transition, extraordinary promise, and, in hindsight, heartbreaking innocence. Hailed as a "fiercely original talent" (San Francisco Chronicle), award-winning novelist McCann has delivered a triumphantly American masterpiece that awakens in us a sense of what the novel can achieve, confront, and even heal. Praise for *Let the Great World Spin* "This is a

gorgeous book, multilayered and deeply felt, and it's a damned lot of fun to read, too. Leave it to an Irishman to write one of the greatest-ever novels about New York. There's so much passion and humor and pure life force on every page of *Let the Great World Spin* that you'll find yourself giddy, dizzy, overwhelmed."—Dave Eggers "Stunning . . . [an] elegiac glimpse of hope . . . It's a novel rooted firmly in time and place. It vividly captures New York at its worst and best. But it transcends all that. In the end, it's a novel about families—the ones we're born into and the ones we make for ourselves."—USA Today "The first great 9/11 novel . . . We are all dancing on the wire of history, and even on solid ground we breathe the thinnest of air."—Esquire "Mesmerizing . . . a Joycean look at the lives of New Yorkers changed by a single act on a single day . . . Colum McCann's marvelously rich novel . . . weaves a portrait of a city and a moment, dizzyingly satisfying to read and difficult to put down."—The Seattle Times "Vibrantly whole . . . With a series of spare, gorgeously wrought vignettes, Colum McCann brings 1970s New York to life. . . . And as always, McCann's heart-stoppingly simple descriptions wow."—Entertainment Weekly "An act of pure bravado, dizzying proof that to keep your balance you need to know how to fall."—O: The Oprah Magazine

[A Song to My City](#) Carol Lancaster 2016-12-01

This deeply felt memoir is a love letter to Washington, DC. Carol Lancaster, a third-generation Washingtonian who knew the city like few others, takes readers on a tour of the nation's capital from its swamp-infested beginnings to the present day, with an insider's view of the gritty politics, environment, society, culture, and larger-than-life heroes that characterize her beloved hometown. The former dean of Georgetown University's School of Foreign Service, a friend of presidents and dignitaries all over the globe, Lancaster colorfully describes the city's three near-death experiences and the many triumphs and tribulations that emerged as the city took shape. Along the way she provides brief biographies of three of the most influential figures in the city's history: urban designer Pierre Charles

L'Enfant, whose vision for the city was realized only after his death; civic leader "Boss" Shepherd, whose strong-arm tactics cleaned up the downtown area and helped create the walking mall we know today; and controversial mayor Marion Barry, whose rise and fall and resurrection underscored the contemporary challenges of home rule. Teeming with informative anecdotes and two dozen illustrations of landmarks and key characters, Lancaster's memoir is a personal and passionate paean to the most powerful city in the world—from one of its most illustrious native daughters.

Foreign City Charlotte Grimshaw 2011-11-01

Intricately plotted, this novel explores different kinds of fictions, infidelity and dangerous freedoms. Anna Devine, a young New Zealand painter living in London, has two chance encounters that set her on a search for answers. Can she really 'see' her new city properly? Can she reconcile family life and art? Her search leads her into past mysteries of her troubled family and her brother's death, and towards future complexities: infidelity, dangerous freedoms, and a whole new eye on her foreign city. In Auckland, in another time, Justine Devantier is reading a novel in order to find out about its author - and possibly about herself. And in a fictional city a man looks for a woman he knew long ago. At the core of this intricate plot is British novelist Richard Black, who may hold the strands that bind all the protagonists together. Grimshaw's brilliantly drawn characters walk through her foreign cities in different guises. She gives us a 'true' story, a fiction, a love story, a story of family connections lost and found, and a dazzling ride through the creative process - its practitioners, its casualties.

Habit of a Foreign Sky Xu Xi 2010 What happens when an intelligent, high-powered woman executive relinquishes all responsibilities? Somewhere between Hong Kong and New York, life does an abrupt shift for Gail Szeto when her mother, her last family member, is killed in an accident. For Gail, a mixed-race, single mother

who buried her young son only two years prior, all she has left is a hard-won career at a global investment bank. Life rapidly goes into free fall for this woman with a complicated past, who was once so sure of her direction in life, who can now see no clear future path. With an international cast in New York, Hong Kong and Shanghai, this novel dramatizes a Sino-American balance of power at a staggeringly intimate level.

My analysis reveals that download speeds are typically faster in the United States and often materially so. Comparisons of upload speeds are mixed, but the differences are small and statistically no different in most comparisons. With average download speeds of about 200 Mbps and upload speeds of 60 Mbps, the broadband market in the United States is performing well relative to its foreign comparators. The average download in the U.S. ranks in the top 5% of download speeds and is only about 10% less than the fastest observed average speed across all countries.

Last Stop on Market Street Matt de la Peña 2015-01-08 #1 New York Times Bestseller A USA Today Bestseller Winner of the Newbery Medal A Caldecott Honor Book A Coretta Scott King Illustrator Honor Book This award-winning modern classic—a must-have for every child’s home library—is an inclusive ode to kindness, empathy, gratitude, and finding joy in unexpected places, and celebrates the special bond between a curious young boy and his loving grandmother. Every Sunday after church, CJ and his grandma ride the bus across town. But today, CJ wonders why they don’t own a car like his friend Colby. Why doesn’t he have an iPod like the boys on the bus? How come they always have to get off in the dirty part of town? Each question is met with an encouraging answer from grandma, who helps him see the beauty—and fun—in their routine and the world around them. This energetic ride through a bustling city highlights the wonderful perspective only grandparent and grandchild can share, and comes to life through Matt de la Peña’s vibrant text and Christian Robinson’s radiant illustrations.
