In this review, we will explore the book is key themes, examine its writing style, and analyze its overall impact on readers.

Greenglass House Kate Milford 2014 At Greenglass House, a smuggler's inn, 12-year-old Milo, the innkeepers' adopted son, plans to spend his winter holidays relaxing, but soon guests begin arriving with strange stories about the house, sending Milo and Meddy, the cook's daughter, on an adventure. Simultaneous eBook.

[My Vampire System](#) JKSManga 2020-04-17 The human Race is at war with the Vicious Dalki and when they needed help more than ever, THEY started to come forward. Humans who had hidden in the shadows for hundreds of years, people with abilities. Some chose to share their knowledge to the rest of the world in hopes of winning the war, while others kept their abilities to themselves. Quinn had lost everything to the war, his home, his family and the only thing he had inherited was a crummy old book that he couldn't even open. But when the book had finally opened, Quinn was granted a system and his whole life was turned around. He completed quest after quest and became more powerful, until one day the system gave him a quest he wasn't sure he could complete. "It is time to feed!" "You must drink human blood within 24 hours" "Your HP will continue to decrease until the task has been completed" More info, visit:

[Awakening](#) Christian J. Gilliland 2019-11-08 A rip-roaring and provocative blend of science fiction and fantasy, Awakening will take you on a

unforgettable ride packed with action, emotion, and mystery. Crinnan Jamiso, a young yet highly skilled Centurion of the Black Knight resistance army, believed that he could take on the entire Empire if he had to. Confident yet brooding, the half-blood elf soldier's world came crashing down when he awoke separated from the rest of his squad and lost in a sprawling and deadly ancient forest city. Crinnan's will is not so easily broken, however. With only the desire to return to his army, and with some unexpected help from a mysterious wise cracking elf, he soldiers through the dark ruins, viciously cutting through those who would try to get in his way. Not everyone will fall so easily, however, especially the forces fighting to ensure Crinnan's failure...

The Phantom Tollbooth Norton Juster 1988-10-12 With almost 5 million copies sold 60 years after its original publication, generations of readers have now journeyed with Milo to the Lands Beyond in this beloved classic. Enriched by Jules Feiffer's splendid illustrations, the wit, wisdom, and wordplay of Norton Juster's offbeat fantasy are as beguiling as ever. "Comes up bright and new every time I read it . . . it will continue to charm and delight for a very long time yet. And teach us some wisdom, too." --Phillip Pullman For Milo, everything's a bore. When a tollbooth mysteriously appears in his room, he drives through only because he's got nothing better to do. But on the other side, things seem different. Milo visits the Island of Conclusions (you get there

by jumping), learns about time from a ticking watchdog named Tock, and even embarks on a quest to rescue Rhyme and Reason. Somewhere along the way, Milo realizes something astonishing. Life is far from dull. In fact, it's exciting beyond his wildest dreams!

The Paths Between Worlds: (this Alien Earth Book

1) Paul Antony Jones 2019-03-15 Welcome Children of Earth. Do not be afraid. After a devastating car crash leaves her addicted to pain pills and her best friend dead, Meredith Gale has finally been pushed beyond her breaking point. Ending her life seems like the only way out, and that choice has left her dangling by her fingertips from a bridge above the freezing water of the San Francisco Bay. But someone, or some thing, has other plans for Meredith. As her fingers slip from the cold steel of the bridge, a disembodied voice asks her a simple question: "Candidate 13: Do you wish to be saved?" Realizing her mistake too late, Meredith screams "Yes!" and instantly finds herself transported to a mysterious island, alongside hundreds of other Candidates like her, each pulled from human history with seemingly little in common. But when Meredith stumbles across a cryptic message meant only for her, she uncovers an even bigger mystery - a mystery that places the fate of humanity's future firmly in her hands. With the help of her new companions, Meredith sets out on an impossible journey to find the one person who can solve the riddle of why they were brought to this strange, alien Earth... assuming they can survive the dangers that lurk within this new world and the dark forces massing against them. Don't miss the first book in the This Alien Earth Series, a futuristic adventure perfect for fans of Jeremy Robinson, Stephen King & Lost.

The Gathering Kelley Armstrong 2011

'Comfortably mixing science, myth, and mystery, Armstrong creates a vivid world highlighted by appealing characters. Fans and newcomers alike will be eager for more after Armstrong's story drives to its pulse-pounding climax.' - Publishers Weekly 'Armstrong begins her new series with a swift-paced start, creating memorable characters and interesting premises.' - Booklist The world seemed to dip and darken and I smelled wet earth and thick musk and fresh blood. The wind

whipped past, like I was running. Running so fast the ground whizzed beneath me and the wind cut across my skin . . . Maya Delaney has always felt a close bond with nature. The woods around her home are a much-loved sanctuary - and the pawprint birthmark on her hip feels like a sign that she belongs. But then strange and terrible things begin to happen in the tiny medical-research town of Salmon Creek (population: 200). The captain of the swim team drowns mysteriously in the middle of a calm lake. Mountain lions appear around Maya's home, and won't go away. Her best friend, Daniel, starts experiencing 'bad vibes' about certain people and things. One of those people is Rafe - the new bad boy in town. What is he hiding - and why is he suddenly so interested in Maya . . . ? The first in the sensational YA series from bestselling author Kelley Armstrong. The Moon Is a Harsh Mistress Robert A.

Heinlein 1997-06-15 A one-armed computer technician, a radical blonde bombshell, an aging academic, and a sentient all-knowing computer lead the lunar population in a revolution against Earth's colonial rule

Unraveling Elizabeth Norris 2012-04-24 Like The Forest of Hands and Teeth, Elizabeth Norris's Unraveling blends realistic coming-of-age issues with a gripping science fiction world. Unraveling's heroine, sixteen-year-old Janelle Tenner, is used to having a lot of responsibility. She balances working as a lifeguard in San Diego with an intense academic schedule. Janelle's mother is

bipolar, and her dad is a workaholic FBI agent, which means Janelle also has to look out for her younger brother, Jared. And that was before she died...and is brought back to life by Ben Michaels, a mysterious, alluring loner from her high school. When she discovers a strange clock that seems to be counting down to the earth's destruction, Janelle learns she has twenty-four days to figure out how to stop the clock and save the planet. See *No Stranger* Valarie Kaur 2020-06-16 An urgent manifesto and a dramatic memoir of awakening, this is the story of revolutionary love. Finalist for the Dayton Literary Peace Prize • "In a world stricken with fear and turmoil, Valarie Kaur shows us how to summon our deepest wisdom."—Elizabeth Gilbert, author of *Eat Pray Love* How do we love in a time of rage? How do we fix a broken world while not breaking ourselves? Valarie Kaur—renowned Sikh activist, filmmaker, and civil rights lawyer—describes revolutionary love as the call of our time, a radical, joyful practice that extends in three directions: to others, to our opponents, and to ourselves. It enjoins us to see no stranger but instead look at others and say: You are part of me I do not yet know. Starting from that place of wonder, the world begins to change: It is a practice that can transform a relationship, a community, a culture, even a nation. Kaur takes readers through her own riveting journey—as a brown girl growing up in California farmland finding her place in the world; as a young adult galvanized by the murders of Sikhs after 9/11; as a law student fighting injustices in American prisons and on Guantánamo Bay; as an activist working with communities recovering from xenophobic attacks; and as a woman trying to heal from her own experiences with police violence and sexual assault. Drawing from the wisdom of sages, scientists, and activists, Kaur reclaims love as an active, public, and revolutionary force that creates new possibilities for ourselves, our communities, and our world. See *No Stranger* helps us imagine new ways of being with each other—and with ourselves—so that together we can begin to build the world we want to see.

Tech Anxiety Christopher A. Sims 2013-06-04 This project examines the representation of anxiety

about technology that humans feel when encountering artificial intelligences in four science fiction novels: *Do Androids Dream of Electric Sheep?*, *Neuromancer*, *2001: A Space Odyssey*, and *Cloud Atlas*. By exploring this anxiety, something profound can be revealed about what it means to be a person living in a technologically saturated society. While many critical investigations of these novels focus on the dangerous and negative implications of artificial intelligence, this work uses Martin Heidegger's later writings on technology to argue that AIs might be more usefully read as catalysts for a reawakening of human thought.

Curse of Shadows and Thorns Lj Andrews 2022-07-30

The Lost Knight: Awakening Zachary Watson 2020-12-11 I hadn't really enjoyed my life on Earth. I lost my parents to a drunk driver, had distant family who didn't offer much, and I was stuck in a job that I couldn't stand. So when the opportunity came up to be flung out into space, to start over on a new world, I grabbed it with both hands. Going into cryo-freeze with a thousand others I expected to wake up early to prepare the ship for arrival. Instead I woke up next to an alien on a world I'd never heard of. Between a foul mouthed roommate with a mysterious past, alien gangs wanting to make an example of me, and a local crime lord wanting to conscript us... this really wasn't the fresh start I'd hoped for. But it was what I had, and come hell or high water I was going to make the most of it.

Affinity: Chaos Springs Halo 2021-03-05

***** "Grey, elemental affinity, zero" The Elder announced the result loudly On hearing this, it was like a bolt of lightning struck Grey, he stood there dumbfounded and just stared at the Elder. Shocked voices could be heard from the people and there was some which were also filled with scorn. Grey stood dazed amidst all the noises without any reactions. One word was constantly reverberating in his head, 'How?'. 'Why, why did this happen to me?' Grey asked himself over and over again ***** Unbeknownst to Grey, something greater lies in wait in his body....

***** Check out the book, leave a review after reading, and also your powerstones. Hope

you enjoy this, and Thanks for reading ^_^ P.S: When I started this book I had zero writing experience, so the first chapters aren't that great, although, my writing quality has improved over time. Also, English isn't my first language, so there are some instances where my choice of words are not good enough for what I'm trying to portray. A heads up, the book will be using a medieval setting. My world building is not the best, but it gets better over time, so bear with me on the early chapters! P.S: Cover art not mine I just edited it. If you're the owner and want me to take it down you can notify me.

Broken Open Elizabeth Lesser 2008-10-30 NEW YORK TIMES BESTSELLER • This inspiring guide to healing and growth illuminates the richness and potential of every life, even in the face of loss and adversity—now updated with additional toolbox materials and a new preface by the author In the more than twenty-five years since she co-founded Omega Institute—now the world's largest center for spiritual retreat and personal growth—Elizabeth Lesser has been an intimate witness to the ways in which people weather change and transition. In a beautifully crafted blend of moving stories, humorous insights, practical guidance, and personal memoir, she offers tools to help us make the choice we all face in times of challenge: Will we be broken down and defeated, or broken open and transformed? Lesser shares tales of ordinary people who have risen from the ashes of illness, divorce, loss of a job or a loved one—stronger, wiser, and more in touch with their purpose and passion. And she draws on the world's great spiritual and psychological traditions to support us as we too learn to break open and blossom into who we were meant to be.

The Awakening #1 Michael Carroll 2008-05-01 Fans of the hit TV show Heroes will love Quantum Prophecy! Ten years ago, all the superhumans vanished. No one knows what happened to them—until now. Thirteen-year-olds Danny and Colin are shocked to discover that they are in fact the beginning of a renewed superhuman race. As they rise to take the place of the lost generation, the unimaginable truth behind the explosive final battle that occurred ten years ago between the superheroes and the supervillains is exposed. And

when the past resurfaces, Danny and his fellow superheroes must face the new challenges that threaten their survival. On the run from everyone, and not knowing who is friend or foe, the one ability the new heroes are going to need most is the power to distinguish good from evil.

The Last Watch J. S. Dewes 2021-04-20 The Expanse meets Game of Thrones in J. S. Mortal Wings Mason Sabre 2018-10-26 The next heart-pounding instalment in Mason Sabre's Paranormal, Society Series. Meet Diana, angel, broken and in for the run of her life. Since the rise of The Forgotten, the world of Exile hasn't been the same. Humans are running around desperately trying to gain back their control, and they'll stop at nothing to do it. Even if that means murder. Others are creating their own followings, and you know how it goes ... it takes one crazy person to get one follower and then another for chaos to begin. Diana, a half-angel, half-human escapee is thrown into the midst of that chaos when a local boy turns up dead. After almost a

decade in hiding, it seems that discovery may be imminent. She's got one choice, one chance to navigate the dangerous world of Exile and reach the one person she hopes can help her. The most wanted man on the island.

Clone Three Patti Larsen 2012 (young adult post-apocalyptic series) What if the fate of the world lies in the hands of a clone who can't remember anything...? Prepare to be immersed in a gripping dystopian world with Clone Three by Patti Larsen - book one of the Clone Chronicles, a captivating young adult science fiction novel that will keep you on the edge of your seat! Awakening in a decaying city, Clone Three finds herself trapped in a reality that doesn't align with her fragmented memories. Her origins remain shrouded in mystery, but one thing is clear: she has a purpose. Driven by an enigmatic image imprinted in her mind, she must locate her fellow clones and a significant statue that holds the key to her identity. However, this once-thriving metropolis now lies in ruins, haunted by the aftermath of a devastating illness that has ravaged humanity. Trio is thrust into a world torn apart by chaos and desperation, where survival becomes a constant struggle. In her quest to fulfill her mission, Trio must confront perilous challenges and make unimaginable sacrifices. As she navigates through the remnants of a crumbling civilization, she faces a pivotal choice: Is she the savior this broken world desperately needs, or is she the catalyst for its ultimate downfall? Patti Larsen's Clone Three is a thought-provoking young adult science fiction dystopian novel that will captivate your imagination from beginning to end. With each page turned, you'll be transported into a harrowing future where uncertainty reigns and the line between salvation and destruction blurs. Larsen's masterful storytelling will keep you hooked, as Trio's journey unfolds against a backdrop of decay, danger, and profound introspection. Delve into the depths of her character as she grapples with her identity and the consequences of her existence. Clone Three is more than just a thrilling dystopian tale; it's a reflection on the human spirit, resilience, and the choices we make in the face of adversity. Brace yourself for an unforgettable adventure, where the

boundaries of morality and survival are tested, and the fate of a world teeters on the edge. Don't miss your chance to experience the gripping world of Clone Three - because sometimes, the greatest discoveries lie in the ruins, and the choices we make shape not only our own destiny but the destiny of an entire civilization. **KEYWORDS:** post-apocalyptic book, young adult dystopian book, young adult dystopian series, post-apocalyptic series

Science Fiction, Fantasy & Horror 1991 A comprehensive bibliography of books and short fiction published in the English language.

Across the Universe Beth Revis 2011-01-11 Book 1 in the New York Times bestselling trilogy, perfect for fans of Battlestar Gallactica and Passengers! **WHAT DOES IT TAKE TO SURVIVE ABOARD A SPACESHIP FUELED BY LIES?** Amy is a cryogenically frozen passenger aboard the spaceship Godspeed. She has left her boyfriend, friends--and planet--behind to join her parents as a member of Project Ark Ship. Amy and her parents believe they will wake on a new planet, Centauri-Earth, three hundred years in the future. But fifty years before Godspeed's scheduled landing, cryo chamber 42 is mysteriously unplugged, and Amy is violently woken from her frozen slumber. Someone tried to murder her. Now, Amy is caught inside an enclosed world where nothing makes sense. Godspeed's 2,312 passengers have forfeited all control to Eldest, a tyrannical and frightening leader. And Elder, Eldest's rebellious teenage heir, is both fascinated with Amy and eager to discover whether he has what it takes to lead. Amy desperately wants to trust Elder. But should she put her faith in a boy who has never seen life outside the ship's cold metal walls? All Amy knows is that she and Elder must race to unlock Godspeed's hidden secrets before whoever woke her tries to kill again.

Alastor Jack Vance 2002-07-05 Trilogy about the Alastor cluster, a system of thousands of stars and inhabited planets ruled by the all-knowing, all-seeing, Connatic.

Supremacy Games MidGard 2021-07-07 Welcome to Supremacy Games! The greatest entertainment platform in the universe that was created specifically to entertain and ease the boredom of

the commoners all around the universe. The platform was made out of tens of formats, each containing hundreds of deadly games that allowed the use of elemental abilities. Sports format had games, like football, rugby, track running, and many more of such sports. Battles format had games, like battle royals, bounty hunt, points collection...etc There was even a lifestyle competition format, that had games like potion concoctions, fishing...etc. As long as a game was well received by the spectators, it would be added to the Supremacy Games platform. The Universal Virtual Reality that had 100% realism, made it easy for those games to be hosted inside it, and watched on a daily basis by every spectator in the universe. Whether live by entering the UVR and attending the stadiums, or through a live stream. Felix Maxwell was just an average joe, who wasn't really a popular player nor had a fanbase to support him in the games. He was just like the majority of the players. Add on, whose role was to make famous players shine even brighter. However, his fate was completely changed after joining a clan mission with 54 other clanmates. The mission was completed successfully. But, on their way back to the clan, their spaceship radar picked up a large amount of energy coming from a destroyed planet. His fate flipped upside down inside that said planet. What happened exactly on it? How did he end up after leaving it? Did he even leave it in the first place? PS: This novel isn't a space exploration novel (Not in the first 8 volumes at least). It's mostly focused on the Universal Virtual Reality and the 'Supremacy Games' as the name implies, with some real-life situations as well of course!

The Sparrow Mary Doria Russell 2008-05-27 A visionary work that combines speculative fiction with deep philosophical inquiry, *The Sparrow* tells the story of a charismatic Jesuit priest and linguist, Emilio Sandoz, who leads a scientific mission entrusted with a profound task: to make first contact with intelligent extraterrestrial life. The mission begins in faith, hope, and beauty, but a series of small misunderstandings brings it to a catastrophic end. Praise for *The Sparrow* "A startling, engrossing, and moral work of fiction."—The New York Times Book Review "Important novels leave deep cracks in our beliefs, our prejudices, and our blinders. *The Sparrow* is one of them."—Entertainment Weekly "Powerful . . . *The Sparrow* tackles a difficult subject with grace and intelligence."—San Francisco Chronicle "Provocative, challenging . . . recalls both Arthur C. Clarke and H. G. Wells, with a dash of Ray Bradbury for good measure."—The Dallas Morning News "[Mary Doria] Russell shows herself to be a skillful storyteller who subtly and expertly builds suspense."—USA Today

Six Wakes Mur Lafferty 2017-01-31 In this Hugo nominated science fiction thriller by Mur Lafferty, a crew of clones awakens aboard a space ship to find they're being hunted-and any one of them

could be the killer. Maria Arena awakens in a cloning vat streaked with drying blood. She has no memory of how she died. This is new; before, when she had awakened as a new clone, her first memory was of how she died. Maria's vat is one of seven, each one holding the clone of a crew member of the starship *Dormire*, each clone waiting for its previous incarnation to die so it can awaken. And Maria isn't the only one to die recently. . . Unlock the bold new science fiction thriller that Corey Doctorow calls Mur's "breakout book".

Becoming Wise Krista Tippett 2016-04-05 "The discourse of our common life inclines towards despair. In my field of journalism, where we presume to write the first draft of history, we summon our deepest critical capacities for investigating what is inadequate, corrupt, catastrophic, and failing. The 'news' is defined as the extraordinary events of the day, but it is most often translated as the extraordinarily terrible events of the day. And in an immersive 24/7 news cycle, we internalize the deluge of bad news as the norm—the real truth of who we are and what we're up against as a species. But my work has shown me that spiritual geniuses of the everyday are everywhere. They are in the margins and do not have publicists. They are below the radar, which is broken." Peabody Award-winning broadcaster and National Humanities Medalist Krista Tippett has interviewed the most extraordinary voices examining the great questions of meaning for our time. The heart of her work on her national public radio program and podcast, *On Being*, has been to shine a light on people whose insights kindle in us a sense of wonder and courage. Scientists in a variety of fields; theologians from an array of faiths; poets, activists, and many others have all opened themselves up to Tippett's compassionate yet searching conversation. In *Becoming Wise*, Tippett distills the insights she has gleaned from this luminous conversation in its many dimensions into a coherent narrative journey, over time and from mind to mind. The book is a master class in living, curated by Tippett and accompanied by a delightfully ecumenical dream team of teaching faculty. The open questions and challenges of our

time are intimate and civilizational all at once, Tippet says - definitions of when life begins and when death happens, of the meaning of community and family and identity, of our relationships to technology and through technology. The wisdom we seek emerges through the raw materials of the everyday. And the enduring question of what it means to be human has now become inextricable from the question of who we are to each other. This book offers a grounded and fiercely hopeful vision of humanity for this century - of personal growth but also renewed public life and human spiritual evolution. It insists on the possibility of a common life for this century marked by resilience and redemption, with beauty as a core moral value and civility and love as muscular practice. Krista Tippet's great gift, in her work and in *Becoming Wise*, is to avoid reductive simplifications but still find the golden threads that weave people and ideas together into a shimmering braid. One powerful common denominator of the lessons imparted to Tippet is the gift of presence, of the exhilaration of engagement with life for its own sake, not as a means to an end. But presence does not mean passivity or acceptance of the status quo. Indeed Tippet and her teachers are people whose work meets, and often drives, powerful forces of change alive in the world today. In the end, perhaps the greatest blessing conveyed by the lessons of spiritual genius Tippet harvests in *Becoming Wise* is the strength to meet the world where it really is, and then to make it better.

[The Stars Between Us](#) Cristin Terrill 2022-08-02 *Bridgerton* meets *Illuminae* in this explosive, romantic space opera where danger and deception lurk behind glamour and wealth. Vika Hale longs for a better life than that of a barmaid on a struggling planet, but her dreams have always seemed out of reach despite the mysterious benefactor who bankrolled her education. When the elusive billionaire dies and names Vika in his will, she's whisked away to a glittering and glamorous new world as the ward of his heir. Suddenly, her wildest dreams don't seem so impossible. But when someone targets the will's heirs in a series of terrifying bombings, Vika's new life is thrown into uncertainty. Knowing that she

may be next, Vika teams up with the one person she'd rather keep at arm's length—her guardian's mysterious new assistant, Sky Foster. She doesn't trust Sky, but he may be the only one who can help her discover the bomber's identity before she becomes the next victim. As Vika grows closer to Sky, she realizes she may not escape these new threats unscathed. Sky is keeping a secret and it's one that could unravel everything. In *The Stars Between Us*, Cristin Terrill sweeps readers away to a world where secrets are currency and love is the most dangerous risk of all.

[Aftertime](#) Sophie Littlefield 2011-09-01 *Awakening* in a bleak landscape as scarred as her body, Cass Dollar vaguely recalls surviving something terrible. Wearing unfamiliar clothes and having no idea how many days or weeks have passed, she slowly realises the horrifying truth Ruthie, her daughter, has vanished. And with her, nearly all of civilisation, too. Where once-lush hills carried cars and commerce, the roads today see only cannibalistic Beaters people turned hungry for human flesh by a government experiment gone wrong. In a broken, barren California, Cass will undergo a harrowing quest to get her daughter back. Few people trust an outsider, let alone a woman who became a zombie and somehow turned back, but she finds help from the enigmatic outlaw, Smoke. Smoke is her saviour, and her safety. For the Beaters are out there, and the humans grip at survival with their trigger fingers. Especially when they learn that she and Ruthie have become the most feared and desired weapons in a brave new world

[Worlds Broken](#) K. J. Winghart 2021-10-14 Adira's whole life has revolved around the ocean and what it has to offer her people, the Dorian. As she comes into her twenty-second year, she's faced not only with the responsibility of coming into her role as one of the five Legions, but also choosing a mate at the upcoming ceremony. But can she risk losing a lifelong friend for the possibility of something more? As she is taught a daunting truth about the real history of her people, she is faced with the harsh reality that her world is much bigger than Maurea. Before she has the chance to absorb the groundbreaking news, disaster strikes, and her world starts to fall apart. Without even

understanding what the rest of the world entails, she must embark on a journey outside of Maurea to find a place for her people to settle, or risk the Dorian belonging to the sea for good.

The Anomaly Hervé Le Tellier 2021-11-23 A New York Times bestseller and a "Best Thriller of the Year" Winner of the Goncourt Prize and now an international phenomenon, this dizzying, whip-smart novel blends crime, fantasy, sci-fi, and thriller as it plumbs the mysteries surrounding a Paris-New York flight. Who would we be if we had made different choices? Told that secret, left that relationship, written that book? We all wonder—the passengers of Air France 006 will find out. In their own way, they were all living double lives when they boarded the plane: Blake, a respectable family man who works as a contract killer. Slimboy, a Nigerian pop star who uses his womanizing image to hide that he's gay. Joanna, a Black American lawyer pressured to play the good old boys' game to succeed with her Big Pharma client. Victor Miesel, a critically acclaimed yet largely obscure writer suddenly on the precipice of global fame. About to start their descent to JFK, they hit a shockingly violent patch of turbulence, emerging on the other side to a reality both perfectly familiar and utterly strange. As it charts the fallout of this logic-defying event, The Anomaly takes us on a journey from Lagos and Mumbai to the White House and a top-secret hangar. In Hervé Le Tellier's most ambitious work yet, high literature follows the lead of a bingeable Netflix series, drawing on the best of genre fiction from "chick lit" to mystery, while also playfully critiquing their hallmarks. An ingenious, timely variation on the doppelgänger theme, it taps into the parts of ourselves that elude us most.

Project Hail Mary Andy Weir 2021-05-04 #1 NEW YORK TIMES BESTSELLER • From the author of The Martian, a lone astronaut must save the earth from disaster in this "propulsive" (Entertainment Weekly), cinematic thriller full of suspense, humor, and fascinating science—in development as a major motion picture starring Ryan Gosling. HUGO AWARD FINALIST • ONE OF THE YEAR'S BEST BOOKS: Bill Gates, GatesNotes, New York Public Library, Parade, Newsweek, Polygon, Shelf Awareness, She Reads, Kirkus Reviews, Library

Journal • "An epic story of redemption, discovery and cool speculative sci-fi."—USA Today "If you loved The Martian, you'll go crazy for Weir's latest."—The Washington Post Ryland Grace is the sole survivor on a desperate, last-chance mission—and if he fails, humanity and the earth itself will perish. Except that right now, he doesn't know that. He can't even remember his own name, let alone the nature of his assignment or how to complete it. All he knows is that he's been asleep for a very, very long time. And he's just been awakened to find himself millions of miles from home, with nothing but two corpses for company. His crewmates dead, his memories fuzzily returning, Ryland realizes that an impossible task now confronts him. Hurling through space on this tiny ship, it's up to him to puzzle out an impossible scientific mystery—and conquer an extinction-level threat to our species. And with the clock ticking down and the nearest human being light-years away, he's got to do it all alone. Or does he? An irresistible interstellar adventure as only Andy Weir could deliver, Project Hail Mary is a tale of discovery, speculation, and survival to rival The Martian—while taking us to places it never dreamed of going.

Winning Glory Ann Gimpel 2015-04-21 Book Description: After years as a black ops CIA agent, nothing surprises Roy Kincaid, yet his current assignment is close to a bust. How could his target—renegade genetic freaks—drop off the radar as if they never existed? Burnt out and discouraged, he hunches over a meal in a backwater diner when a half-frozen woman with the look of an abused runaway staggers through the door. On his feet in an instant, Roy kicks himself. His first instinct is to help her, make certain she stays long enough for the bluish cast to leave her lips. His second is to finish his meal and leave. The world is full of broken women. It's not his job to fix them, but he can't take his eyes off her. Glory's telepathic ability blares a harsh warning. Roy hunts those like her, but damn if he didn't buy her dinner. Maybe she can fool him, just for tonight. Add a dry motel room to the meal. If she plays it very cool, he'll never find out she's on the run from the same group he's targeted for death. Enhanced genetics only go so far. A

roadblock and her face on a Most Wanted flyer shatter her fragile truce with Roy. If her Handlers find her, they'll kill her. If Roy finds out what she is, she'll be worse than dead. Series Backstory: Sometime between the interminable wars in the Middle East and 9/11, the United States moved forward breeding a race of super humans. Clandestine labs formed, armed with eager scientists who'd always yearned to manipulate human DNA. At first the clones looked promising, growing to fighting size in as little as a dozen years, but V1 had design flaws. Seven years ago, a rogue group turned on their creators, blew up the lab, and hit all the other breeding farms, freeing whomever they could find. In the intervening time, they've retreated to hidden compounds and created a society run by men. Women are kept on a tight leash because the men fear if they discover their innate power, they'd launch their own rebellion.

Starseed R/evolution Dr. Richard Horowitz 2022-03-01 Earth is in peril. Is the only hope for salvation a five-year-old, half-human, half-Arcturian prince and a master Starseed mystic? Enter the extraordinary world of Crown Prince Ian, the last surviving heir of the Royal Arcturian Family of Antwar. He's half-human, half-alien, with an IQ approaching 200 and a penchant for Swiss chocolates and defending humanity from itself. Is he Earth's savior from climate change? Or, as his genetic grandmother would say, only another mensch? Written in 2100—in the tradition of Marcus Aurelius, Winston Churchill, Sun Tzu, and Kanye West—Prince Ian recounts firsthand the most thrilling and critical years of the Orion Wars, an intergalactic struggle between good, evil, and the merely tolerable. From space reptiles pulling the strings in D.C. to sperm-gathering Greys at the Battle of Woodstock and the terrifying realities of global warming, Prince Ian shares his deepest observations and memories to inspire readers throughout the cosmos to think, laugh, and ascend. A Gulliver's Travels for the twenty-third century, Starseed R/evolution provides satire, adventure, pop psychology, mystical exploration, and a breath of fresh air in a world choking on its own hubris. From the New York Times bestselling mind of a controversial

world-renowned scientist comes a work audacious in its scope and startling in its ultimate message of the ecocide facing our planet, including real solutions and a reading experience you will never forget.

Exodus Jasper T. Scott 2017-01-21 New to the series? Get Book 1 here: smarturl.it/excelsior THIS INTERSTELLAR VOYAGE MIGHT BE OUR LAST With androids in control of Earth, and humans relegated to colonies on Mars and the outer planets, tensions are rising, and war looks inevitable. Looking for a way to escape the looming conflict, Alexander and Catalina de Leon board the Liberty with 70,000 other colonists on a voyage to Proxima Centauri, but it's going to take them nine years to reach their destination, and a lot can happen in nine years. As the trip progresses, everything that can happen does, and what was meant to be a monotonous voyage becomes a fight for survival against mysterious forces that threaten not only the passengers and crew, but the entire human race.

The Ascension Mysteries David Wilcock 2016-08-30 From the New York Times bestselling author of Awakening in the Dream comes a book that will take readers on a surprising and enthralling journey through the history of the universe, exploring the great cosmic battle surrounding our own ascension. David Wilcock's previous New York Times bestsellers, The Source Field Investigations and The Synchronicity Key, used cutting-edge alternative science to reveal oft-hidden truths about our universe. In The Ascension Mysteries, David takes us on a gripping personal journey that describes the secret cosmic battle between positive and negative happening every day, hidden in both the traumas of our own lives and the world's headlines. Through his contact with a positive higher intelligence behind the UFO phenomenon, groundbreaking scientific information, and data from high-ranking government whistle-blowers, David reveals that the earth is now on the front lines of a battle that has been raging between positive and negative extraterrestrials for hundreds of thousands of years. The Ascension Mysteries explores the towering personal obstacles David overcame to unlock the great secrets of our universe and looks

ahead to what this battle means for each of us personally. By unifying ancient texts from a variety of religions with scientific data and insider testimony, David presents a stunning conclusion—that Earth is on the verge of a massive cosmic event that will transform matter, energy, consciousness, and biological life as we now know it and will utterly defeat the great villains of our time.

The Intuitionist Colson Whitehead 2012-05-23

This debut novel by the two time Pulitzer Prize-winning author of *The Underground Railroad* and *The Nickel Boys* wowed critics and readers everywhere and marked the debut of an important American writer. Nominated as one of America's best-loved novels by PBS's *The Great American Read*. It is a time of calamity in a major metropolitan city's Department of Elevator Inspectors, and Lila Mae Watson, the first black female elevator inspector in the history of the department, is at the center of it. There are two warring factions within the department: the Empiricists, who work by the book and dutifully check for striations on the winch cable and such; and the Intuitionists, who are simply able to enter the elevator cab in question, meditate, and intuit any defects. Lila Mae is an Intuitionist and, it just so happens, has the highest accuracy rate in the entire department. But when an elevator in a new city building goes into total freefall on Lila Mae's watch, chaos ensues. It's an election year in the Elevator Guild, and the good-old-boy Empiricists would love nothing more than to assign the blame to an Intuitionist. But Lila Mae is never wrong. The sudden appearance of excerpts from the lost notebooks of Intuitionism's founder, James Fulton, has also caused quite a stir. The notebooks describe Fulton's work on the "black box," a perfect elevator that could reinvent the city as radically as the first passenger elevator did when patented by Elisha Otis in the nineteenth century. When Lila Mae goes underground to investigate the crash, she becomes involved in the search for the portions of the notebooks that are still missing and uncovers a secret that will change her life forever. Look for Colson Whitehead's new novel, *Crook Manifesto*, coming soon!

Science Fiction Magazine Story Index, 1926-1995

Terry A. Murray 1999 Since the appearance of the first science fiction magazine in 1926, thousands of short stories have been published in periodicals devoted to the genre. These stories cover a wide range of subjects, from spacecraft to the human condition, and feature little-known authors as well as masters like Ellison and Asimov. In the past, finding which issue of what magazine ran a certain story was nearly impossible. This much-needed reference tool provides valuable assistance in the daunting task of locating short stories published in science fiction magazines, providing exhaustive indexes to magazines, authors, and titles, allowing a variety of options for research on 34,000 stories appearing in nearly 5,000 issues of 133 genre magazines. Stories from all major American publications, as well as from several minor periodicals, are indexed. Also included is an appendix of the best known and most prolific contributors, giving the titles of all their stories in this work (necessary because the huge author index does not show titles). A guide to how to use this book clarifies its features for the researcher.

Year One Nora Roberts 2017-12-05 #1 NEW YORK TIMES BESTSELLER (December 2017) A stunning new novel from the #1 New York Times bestselling author Nora Roberts—*Year One* is an epic of hope and horror, chaos and magick, and a journey that will unite a desperate group of people to fight the battle of their lives... It began on New Year's Eve. The sickness came on suddenly, and spread quickly. The fear spread even faster. Within weeks, everything people counted on began to fail them. The electrical grid sputtered; law and government collapsed—and more than half of the world's population was decimated. Where there had been order, there was now chaos. And as the power of science and technology receded, magick rose up in its place. Some of it is good, like the witchcraft worked by Lana Bingham, practicing in the loft apartment she shares with her lover, Max. Some of it is unimaginably evil, and it can lurk anywhere, around a corner, in fetid tunnels beneath the river—or in the ones you know and love the most. As word spreads that neither the immune nor the gifted are safe from the authorities who patrol the

ravaged streets, and with nothing left to count on but each other, Lana and Max make their way out of a wrecked New York City. At the same time, other travelers are heading west too, into a new frontier. Chuck, a tech genius trying to hack his way through a world gone offline. Arlys, a journalist who has lost her audience but uses pen and paper to record the truth. Fred, her young colleague, possessed of burgeoning abilities and an optimism that seems out of place in this bleak

landscape. And Rachel and Jonah, a resourceful doctor and a paramedic who fend off despair with their determination to keep a young mother and three infants in their care alive. In a world of survivors where every stranger encountered could be either a savage or a savior, none of them knows exactly where they are heading, or why. But a purpose awaits them that will shape their lives and the lives of all those who remain. The end has come. The beginning comes next.
