The Google Story David A. Vise 2008 A revised study of the billion-dollar enterprise reveals how the Internet icon grew from a concept to a social phenomenon with a bold mission: to organize all of the world's information and make it easily

accessible to people in more than one hundred languages, with updated information honoring the tenth anniversary of the company. Simultaneous. 20,000 first printing.

Federal Firearms Regulations Reference Guide

John W. Magaw 1996-04 Provides a guide to Federal firearms regulations. Explains recent changes in Federal firearm laws & their significance. Includes sections on the laws, regulations, rulings, procedures & industry circulars; general information about firearms; & a question & answer section. Complete text of the relevant parts of the Code of Federal Regulations (27 CFR Parts 47, 178, & 179). Complete texts of the following laws: The Gun Control Act, The National Firearms Act, The Arms Export Control Act, & 18 U.S.C. para. 1715 (nonmailable firearms).

Sexed Pistols Vanessa Farr 2009 Every day, small arms and light weapons (SALW) kill, wound, and threaten millions of adults and children. Due to their widespread availability, mobility, and ease of use, prolific SALW have become central to maintaining social dislocation, destabilization, insecurity, and crime in the build-up to war, during wartime, and in the aftermath of conflict. Small arms are misused within domestic settings, as well as in public spaces, affecting everyone in the community without regard to sex or age. The impact of these weapons can be vastly different for women and men and for girls and boys.

However, careful consideration of gender and age is rare in the formulation of small arms policy, of planning small arms collection or control, or even in small arms research. To counter the effects of prolific SALW, their role in gender- and age-specific violence must be more deeply analyzed and the results applied at the policy and operational level. This work should be undertaken in war-afflicted contexts, in societies suffering from elevated levels of social violence and / or severe underdevelopment, and in those tolerant of the presence of individually owned firearms.

Contributors to the book draw on experience and research from around the world on the nexus of gender, age, violence, and small arms in developing and developed countries. They provide a number of recommendations for policies,

programs, and research designed to further illuminate and counteract the firing of the "sexed pistol."

P.O. Ackley Fred Zeglin 2017 In P.O. Ackley: America's gunsmith, author Fred Zeglin's years of extensive research highlight not just the history of cartridge and rifle development, but an insider's look at a humble man who influenced nearly everything we know about shooting and ballistics today. P.O. Ackley's ideas on reloading, rifle accuracy, barrel making, cartridge choice, and wildcats are just as relevant for modern "gun cranks" as they were in Ackley's heyday. Zeglin delivers the most complete collection of accurate dimensions, loading data and history for the lifetime of cartridges created by P.O. Ackley, the most influential gunsmith in America. Most shooters know him today because of his "Ackley Improved" cartridge designs. But those cartridges are only the tip of the iceberg. P.O. Ackley: America's gunsmith is the whole story. Includes a full-color photo section and an exclusive never-before-printed article by P.O. Ackley. -- back cover.

Understanding Headspace Fred Zeglin

2015-01-31 A basic understanding of headspace and how it affects the proper operation of a firearm are necessary if you wish to call yourself a gunsmith. Otherwise all you will be able to do is change parts with the hope that somehow the problem will go away. The later is normally called an armorer, not a gunsmith. This booklet contains all the information a gunsmith needs in order to understand and diagnose headspace.

Gun Digest Book of Revolvers

Assembly/Disassembly Kevin Muramatsu

2019-05-28 Shooters, gunsmiths and collectors alike will find the revised version of this handy gun disassembly guide an essential reference for taking apart and putting back together today's most popular revolvers for routine maintenance and cleaning. The Complete Guide to Gunsmithing Charles Edward Chapel 2015-04-28 The Most Comprehensive Gunsmithing Guide of All Time. Written by one of the most prolific firearms experts of all time, The Complete Guide to Gunsmithing is a highly detailed and essential reference for the gun enthusiast and gunsmith alike. At nearly 500 pages, Chapel covers everything from the use of proper tools to how to get a gunsmithing job, and everything in between. In more than forty chapters of exceptionally clear prose, the book answers every question a collector, soldier, or home defender could have on topics such as: • Drawings and Blueprints • Stock Design • Checkering and Carving • Stock Repairs and Alterations • Etching and Engraving • And many more Not only is the book an incredible resource for gun owners and gunsmiths, it's also a wonderful look at the world of firearms in the first half the twentieth century. Published just over seventy years ago, the book--and revised by the author two decades later—The Complete Guide to

Gunsmithing is fascinating look at how the nature of firearms has changed. With a thoughtful introductory note by renowned outdoorsman Dr. Jim Casada and eighty-five meticulous illustrations, this is the definitive edition of an enduring and authoritative classic. Skyhorse Publishing is proud to publish a broad range of books for hunters and firearms enthusiasts. We publish books about shotguns, rifles, handguns, target shooting, gun collecting, self-defense, archery, ammunition, knives, gunsmithing, gun repair, and wilderness survival. We publish books on deer hunting, big game hunting, small game hunting, wing shooting, turkey hunting, deer stands, duck blinds, bowhunting, wing shooting, hunting dogs, and more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home.

Winchester Shotguns Dennis Adler 2015-11-10 In the study and appreciation of American history, and in understanding the crucial role played by firearms in that extraordinary saga, one of the most famous gunmakers is Winchester. Their products are so much in demand that they indisputably hold the title of the Blue Chips of gun collecting. And while a notable amount of literature on these marques has appeared in print, much of it from the period of post-World War II, there are still major categories which demand focused books. Such works are in response not only to the "need to know" from students, historians and collectors, but also are a powerful reflection of the ever-expanding explosion of interest in the magical world of firearms. The study of arms is a highly visual, and technical, pursuit. Having the objects sitting on a page, as if they are on the reader's desk, is a true delight. Few photographers can equal those images of excellence. And no one today can match his combination of skill, aptitude and artistry at doing both text and photographs

Shoot to Win Chris Cheng 2014-10-14 Chris Cheng won the title of "Top Shot," a \$100,000 cash prize, and a professional marksman contract with the show sponsor, Bass Pro Shops. How did a

tech support guy who didn't shoot a lot of guns beat out seventeen other competitors—including seasoned military veterans, law enforcement officers, and pro marksmen—in History Channel's Top Shot season 4? An excellent guide for beginning shooters, Cheng focuses on the basics and ammunition of pistols, rifles, and shotguns, marksmanship fundamentals, and buying a firearm. Other chapters include: Dry Fire Practice Firearm Accessories Safely Storing Your Firearm Cleaning and Maintaining Your Guns And much more! Additionally, Cheng covers his approach to staying calm under pressure, teamwork, sportsmanship, and leadership. These traits contributed to his coming out on top and staying above the fray. With a foreword written by Top Shot season 3 champion Dustin Ellermann and an afterword written by the original Top Shot champion Iain Harrison, *Shoot to Win* is sure to please shooters of all stripes, but especially fans of History Channel's program Top Shot. Skyhorse Publishing is proud to publish a broad range of books for hunters and firearms enthusiasts. We publish books about shotguns, rifles, handguns, target shooting, gun collecting, self-defense, archery, ammunition, knives, gunsmithing, gun repair, and wilderness survival. We publish books on deer hunting, big game hunting, small game hunting, wing shooting, turkey hunting, deer stands, duck blinds, bowhunting, wing shooting, hunting dogs, and more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home.
