The Stone World Joel Agee 2022-02-22 A Washington Post Best Fiction Book of 2022 From the son of acclaimed author James Agee, a haunting novel depicting an American boy's childhood in Mexico, ensconced in a world comprised of communist European exiles, local union activists, street children, and avant-garde artists like Frida Kahlo. Joel Agee's hallucinatory first novel begins in a house with a large garden in an unnamed Mexican town in the late 1940s, where six-and-a-half-year-old Peter reads, dreams, and plays with his friends. He is a nascent explorer, artist, philosopher, mystic, and scientist. His world is still new, not yet papered over with received knowledge. And the actual world around him is a unique one in history: a community of leftist emigrés who have found refuge in Mexico from the Nazi and fascist regimes of Europe, rubbing shoulders with Mexican labor activists and leftists such as Frida Kahlo. But the emigrés long for home — including Peter's step-father, who wants to return to his native Germany. Going back to Europe may not be safe for any of them yet, however, which gives rise to anguished arguments among Peter's parents' and their tight

group of friends. And slowly, Peter begins to comprehend that his world may be turned upside down — that he might be forced to take leave of everyone he knows: his best friend, Arón; his father's friend Sándor, who talks about revolution and performs magic tricks; and Zita, the family's live-in-maid, who has taught him the consoling mysteries of prayer . . . Steeped in the magic and myths of childhood — yet haunted by a harsh adult world bedeviled by instability and political turmoil — Joel Agee's *The Stone World* is an unforgettable portrait of a family that will inevitably invite comparison with another classic family story, that of his father James Agee's *A Death in the Family*. *The Wild Way Home* Sophie Kirtley 2020-07-01 'So good I read it twice' - Hilary McKay, author of *The Skylarks'* War 'This thrilling time-slip adventure oozes magic and heart' - Bookseller EDITOR'S CHOICE When Charlie's longed-for brother is born with a serious heart condition, Charlie's world is turned upside down. Upset and afraid, Charlie flees the hospital and makes for the ancient forest on the edge of town. There Charlie finds a boy floating face-down in the stream, injured, but alive. But when Charlie sets off back to the hospital to fetch help, it seems the forest has changed. It's become a place as strange and wild as the boy dressed in deerskins. For Charlie has unwittingly fled into the Stone Age, with no way to help the boy or return to the present day. Or is there? What follows is a wild, big-hearted adventure as Charlie and the Stone Age boy set out together to find what they have lost — their courage, their hope, their family and their way home. Stone Motel Morris Ardoin 2020-04-15 In the summers of the early 1970s, Morris Ardoin and his siblings helped run their family's roadside motel in a hot, buggy, bayou town in Cajun Louisiana. The stifling, sticky heat inspired them to find creative ways to stay cool and out of trouble. When they were not doing their chores—handling a colorful cast of customers, scrubbing motel-room toilets, plucking chicken bones and used condoms from

under the beds—they played canasta, an old ladies' game that provided them with a refuge from the sun and helped them avoid their violent, troubled father. Morris was successful at occupying his time with his siblings and the children of families staying in the motel's kitchenette apartments but was not so successful at keeping clear of his father, a man unable to shake the horrors he had experienced as a child and, later, as a soldier. The preteen would learn as he matured that his father had reserved his most ferocious attacks for him because of an inability to accept a gay or, to his mind, broken, son. It became his dad's mission to "fix" his son, and Morris's mission to resist—and survive intact. He was aided in his struggle immeasurably by the love and encouragement of a selfless and generous grandmother, who provides his story with much of its warmth, wisdom, and humor. There's also suspense, awkward romance, naughty French lessons, and an insider's take on a truly remarkable, not-yet-homogenized pocket of American culture.

In *The First Drawing*, Caldecott Medal winner Mordicai Gerstein imagines the discovery of drawing...and inspires the young dreamers and artists of today. *Stone Age Boy* Satoshi Kitamura 2007 A boy travels back in time to the Stone Age where he discovers how people lived and their customs including making a fire, tools, hunting methods, preparing and using animal skins and preparing and cooking food.
