**Sekret Machines Book 1: Chasing Shadows**

Tom DeLonge 2016-04-05 For those who know... that something is going on... The witnesses are legion, scattered across the world and dotted through history, people who looked up and saw something impossible lighting up the night sky. What those objects were, where they came from, and who—or what—might be inside them is the subject of fierce debate and equally fierce mockery, so that most who glimpsed them came to wish they hadn't. Most, but not everyone. Among those who know what they've seen, and—like the toll of a bell that can't be unrung—are forever changed by it, are a pilot, an heiress, a journalist, and a prisoner of war. From the waning days of the 20th century's final great war to the fraught fields of Afghanistan to the otherworldly secrets hidden amid Nevada's dusty neverlands—the truth that is out there will propel each of them into a labyrinth of otherworldly technology and the competing aims of those who might seek to prevent—or harness—these beings of unfathomable power. Because, as it turns out, we are not the only ones who can invent and build...and destroy. Featuring actual events and other truths drawn from sources within the military and intelligence community, Tom DeLonge and A.J. Hartley offer a tale at once terrifying, fantastical, and perhaps all too real. Though it is, of course, a work of... fiction?

A glorious enterprise meant to raise her from the bleak, colorless drudgery of her childhood to the life she deserves. After all, vermin always survive.

**Anne Neville** Prof Michael Hicks 2011-08-26 Anne Neville was queen to England's most notorious king, Richard III. She was immortalised by Shakespeare for the remarkable nature of her marriage, a union which brought together a sorrowing widow with her husband's murderer. Anne's misfortune did not end there. In addition to killing her first husband, Richard also helped kill her father, father-in-law and brother-in-law, imprisoned her mother, and was suspected of poisoning Anne herself. Dying before the age of thirty, Anne Neville packed into her short life incident enough for many adventurous careers, but was often, apparently, the passive instrument

of others' evil intentions. This fascinating new biography seeks to tell the story of Anne's life in her own right, and uncovers the real wife of Richard III by charting the remarkable twists and turns of her fraught and ultimately tragic life.

In the dead of night, a party of priests set out into the desert, dragging with them a sled carrying a mysterious object. None of them returned. In modern Egypt, Freya Hannan arrives for the funeral of her estranged sister, Alex, who is said to have committed suicide. But as Freya goes through her sister's belongings, she comes to suspect that Alex was murdered. Soon, Freya realizes that Alex's life was as mysterious as her death. And the search for the truth will ensnare Freya in a lethal conspiracy going back millennia—pushing her to hunt not only for her sister's killer, but also for an ancient artifact that could tilt the global balance of power. Full of breakneck thrills and daring escapes combined with the genuine feel for the ancient past that only a true archaeologist can bring, “The Hidden Oasis is a rip-roaring gem of a read” (Raymond Khoury).

**Infinite Possibility** Katherine Jegede 2018-06-05 An immensely practical, hands-on journey through the techniques of the most radical mystical figure of the last century, Neville Goddard, who taught that your mind is God. This fresh take from a powerful new voice appeals to the growing audience around Neville. “According to Neville, there is only one power in the universe out of which all things emanate. Not a 'good' source and a separate 'evil' one, but one universal source bending in obedience to the creative will of men and women everywhere. The how remains a mystery; but this eternal fact is nonetheless true. As soon as I was able to feel and accept this to be true, I was free.” --Katherine Jegede Growing up in

London, Katherine Jegede was always searching for a philosophy to make sense of life. When she found the mind-as-creator philosophy of Neville Goddard, she thought she had found it. Falling victim to a terrible crime, however, caused Jegede to rethink everything she thought she knew.

Rather than abandoning Neville's ideas, however, she discovered within them a new source of strength and fortitude. She not only rebounded from her crisis, but also used Neville's creative-mind principles to become a television presenter, something she had never before imagined possible. In this primer and introduction to Neville's methods, Jegede powerfully guides the reader through his techniques--and explains how to apply them, now, in your life.

**Ribbons of Scarlet** Kate Quinn 2019-10-01 “The French Revolution comes alive through the eyes of six diverse and complex women, in the skilled hands of these amazing authors.”--Martha Hall Kelly, New York Times bestselling author of Lilac Girls A breathtaking, epic novel illuminating the hopes, desires, and destinies of princesses and peasants, harlots and wives, fanatics and philosophers—seven unforgettable women whose paths cross during one of the most tumultuous and transformative events in history: the French Revolution. Ribbons of Scarlet is a timely story of the power of women to start a revolution—and change the world. In late eighteenth-century France, women do not have a place in politics. But as the tide of revolution rises, women from gilded salons to the streets of Paris decide otherwise—upending a world order that has long oppressed them. Blue-blooded Sophie de Grouchy believes in democracy, education, and equal rights for women, and marries the only man in Paris who agrees. Emboldened to fight the injustices of King Louis XVI, Sophie aims to prove that an educated populace can govern itself—but one of her students, fruit-seller Louise Audu, is hungrier for bread and vengeance than learning. When the Bastille falls and Louise leads a women's march to Versailles, the monarchy is forced to bend, but not without a fight. The king's pious sister Princess Elisabeth takes a stand to defend her brother, spirit her family to safety, and restore the old order, even at the risk of her head. But when

fanatics use the newspapers to twist the revolution's ideals into a new tyranny, even the women who toppled the monarchy are threatened by the guillotine. Putting her faith in the pen, brilliant political wife Manon Roland tries to write a way out of France's blood-soaked Reign of Terror while pike-bearing Pauline Leon and steely Charlotte Corday embrace violence as the only way to save the nation. With justice corrupted by revenge, all the women must make impossible choices to survive--unless unlikely heroine and courtesan's daughter Emilie de Sainte-Amaranthe can sway the man who controls France's fate: the fearsome Robespierre.
