Always the Bride - A Biography of Elsa

Lanchester Victoria Worsley 2021-11-30 Her role as the Bride of Frankenstein ensured her cinematic immortality, but Elsa Lanchester's life and complicated personality were more interesting than any role she ever brought to the screen. Born to activist parents, Elsa Lanchester became a nightclub owner as a teenager and was a leading light in 1920s bohemian London.

Marriage to rising star Charles Laughton followed, but her discovery of his gay identity meant their union—which lasted for decades—was a turbulent one. Although her film performances saw her twice nominated for an Academy Award, she was always happiest performing for a live audience, and returned to her music hall roots throughout her career. During her lifetime, Elsa Lanchester was frequently cast in supporting roles onscreen and was overshadowed by her husband's greater fame in Hollywood. *Always the Bride*—the first biography of the actress—finally puts her story in the spotlight.

Jolly Fellows Richard Stott 2009-08-24 "Stott finds that male behavior could be strikingly similar in

diverse locales, from taverns and boardinghouses to college campuses and sporting events. He explores the permissive attitudes that thrived in such male domains as the streets of New York City, California during the gold rush, and the Pennsylvania oil fields, arguing that such places had an important influence on American society and culture. Stott recounts how the cattle and mining towns of the American West emerged as centers of resistance to Victorian propriety. It was here that unrestrained male behavior lasted the longest, before being replaced with a new convention that equated manliness with sobriety and self-control."

Henry Mancini John Caps 2012-02-15 Henry Mancini, the first publicly successful and personally recognizable film composer in history, has practically become a Hollywood brand name. In his lifetime, he sold thirty million albums and won four Oscars and twenty Grammy awards. Through Mancini, mere background music in movies became part of pop culture—an expression of sophistication and wit with a modern sense of cool and a lasting lyricism that has not dated. The first comprehensive study of Mancini's music, *Henry Mancini: Reinventing Film Music* describes how the composer served as a bridge between the Big Band period of World War II and the impatient

eclecticism of the Baby Boomer generation, between the grand formal orchestral film scores of the past and a modern American minimalist approach. Mancini's sound seemed to capture the bright, confident, welcoming voice of the middle class's new efficient life: interested in pop songs and jazz, in movies and television, in outreach politics but also conventional stay-at-home comforts. As John Caps shows, Mancini easily combined it all in his music. Mancini wrote his first dramatic music for a radio series in 1950. By the mid-1960s, he wielded influence in Hollywood and around the world with his iconic scores: dynamic jazz for the noirish detective TV show Peter Gunn, the sly theme from The Pink Panther, and his wistful folk song "Moon River" from Breakfast at Tiffany's. Following the evolution of Mancini's style, Caps traces the history of movie scoring in general: from the jazz-pop of the 1960s to the edgier, electro-funk harmonies of the Watergate 1970s, from the revisionist 1980s marked by New Age trends and new jazz chords to the frustrating New Hollywood of the 1990s when films were made by committees of lawyers rather than by artisans. Through insightful close readings of key films, Caps traces Mancini's collaborations with important directors and shows how he homed in on specific dramatic or comic aspects of each film to create musical effects through clever instrumentation, eloquent melodies, and the strong narrative qualities of his scores. Accessible and engaging, this fresh view of Mancini's oeuvre and influence will delight and inform fans of film and popular music.

Decolonizing Pathways towards Integrative Healing in Social Work Kris Clarke 2020-10-01

Taking a new and innovative angle on social work, this book seeks to remedy the lack of holistic perspectives currently used in Western social work practice by exploring Indigenous and other culturally diverse understandings and experiences of healing. This book examines six core areas of healing through a holistic lens that is grounded in a decolonizing perspective. Situating integrative healing within social work education and theory, the book takes an interdisciplinary approach, drawing from social memory and historical trauma, contemplative traditions, storytelling,

healing literatures, integrative health, and the traditional environmental knowledge of Indigenous Peoples. In exploring issues of water, creative expression, movement, contemplation, animals, and the natural world in relation to social work practice, the book will appeal to all scholars, practitioners, and community members interested in decolonization and Indigenous studies.

Strolling Player Gabriel Hershman 2017-01-13

Albert Finney was a Salford-born, homework-hating bookie's son who broke the social barriers of British film. He did his share of roistering, and yet outlived his contemporaries and dodged typecasting to become a five-time Oscar nominee and one of our most durable international stars. Bon vivant, perennial rebel, self-effacing character actor, charismatic charmer, mentor to a generation of working-class artists, a byword for professionalism, lover of horseflesh and female flesh - Albert Finney is all these things and more. Gabriel Hershman's colourful and riveting account of Finney's life and work, drawing on interviews with many of his directors and co-stars, examines how one of Britain's greatest actors built a glittering career without sacrificing his integrity.

Albert Finney Gabriel Hershman 2017-01-13

'Hershman has managed to gather a huge amount of information and distill it into a book that is not only respectful but full of insights into what makes this unstarriest of stars able to produce brilliant work without appearing to break a sweat.' - Kathryn Hughes, Mail on Sunday He was a Salford-born, homework-hating bookie's son who broke the social barriers of British film. He did his share of roistering, and yet outlived his contemporaries and dodged typecasting to become a five-time Oscar nominee and one of our most durable international stars. Bon vivant, perennial rebel, self-effacing character actor, charismatic charmer, mentor to a generation of working-class artists, a byword for professionalism, lover of horseflesh and female flesh - Albert Finney is all these things and more. Gabriel Hershman's colourful and riveting account of Finney's life and work, which draws on interviews with many of his directors and co-stars, examines how one of Britain's greatest actors built a glittering career without sacrificing his integrity.

Generations Neil Howe 1992-09-30 Hailed by national leaders as politically diverse as former Vice President Al Gore and former House Speaker Newt Gingrich, *Generations* has been heralded by reviewers as a brilliant, if somewhat unsettling, reassessment of where America is heading.

William Strauss and Neil Howe posit the history of America as a succession of generational biographies, beginning in 1584 and encompassing every-one through the children of today. Their bold theory is that each generation belongs to one of four types, and that these types repeat sequentially in a fixed pattern. The vision of *Generations* allows us to plot a recurring cycle in American history -- a cycle of spiritual awakenings and secular crises -- from the founding colonists through the present day and well into this millenium. *Generations* is at once a refreshing historical narrative and a thrilling intuitive leap that reorders not only our history books but also our expectations for the twenty-first century.

Encyclopedia of Pulp Fiction Writers Lee Server 2014-05-14 Provides an introduction to American pulp fiction during the twentieth century with brief author biographies and lists of their works.

Sidney Lumet Aubrey Malone 2019-12-20 Punctilious to a fault, Sidney Lumet favored intense rehearsal, which enabled him to bring in most of his films under budget and under schedule. An energized director who captured the heart of New York like no other, he created a vast canon of work that stands as a testament to his passionate concern for justice and his great empathy for the hundreds of people with whom he collaborated during a career that spanned more than five decades. This is the first full-scale biography of a man who is generally regarded as one of the most affable directors of his time. Using the oral testimonies of those who worked with him both behind and in front of the camera, this book explores Lumet's personality and working methods.

The Mistress of Mayfair Lyndsy Spence 2016-11-07 The plot could have been inspired by Evelyn Waugh's *Vile Bodies*, but unlike Waugh's novel - which parodies the era of the 'Bright Young Things' - *The Mistress of Mayfair* is a real-life story of scandal, greed, corruption and

promiscuity at the heart of 1920s and '30s high society, focusing on the wily, willful socialite Doris Delevingne and her doomed relationship with the gossip columnist Valentine Browne, Viscount Castlerosse. Marrying each other in pursuit of the finer things in life, their unlikely union was tempestuous from the off, rocked by affairs (with a whole host of society figures, including Cecil Beaton, Diana Mitford and Winston Churchill, amongst others) on both sides, and degenerated into one of London's bitterest, and most talked about, divorce battles. In this compelling new book, Lyndsy Spence follows the rise and fall of their relationship, exploring their decadent society lives in revelatory detail and offering new insight into some of the mid twentieth century's most prominent figures.

Albert Finney Gabriel Hershman 2023-07 The definitive biography of Albert Finney, a Salford-born, homework-hating bookie's son who broke the social barriers of British film

Duchess of Death Richard Hack 2009-07-01 Although she is the most popular novelist in history, with over two billion books sold worldwide, Agatha Christie lived a life shrouded in secrecy and fueled by curiosity. Nearly as notorious for her aversion to the press as she was for her 80 books and collections of short stories, Christie made no secret of her need for privacy. Utilizing over 5,000 previously unpublished letters, notes, and documents, award-winning biographer Richard Hack allows Christie to write again, 33 years after her death. *Duchess of Death* is her story, as full of romance, travel, wealth, and scandal as any mystery Christie ever crafted. There have been numerous biographies of the Queen of Crime, all of which claim to be definitive. However, *Duchess of Death* is the first to draw from such an enormous number of previously unpublished correspondence and notes, effectively establishing it as the most authoritative, penetrating look at the personal and literary life of Christie.

The New Yorker 1992

Cinema, MD Eelco F.M. Wijdicks MD, PhD 2020-02-28 *Cinema, MD* follows the intersection of medicine and film and how filmmakers wrote a history of medicine over time. The narrative

follows several main story lines: How did the portrayal of physicians, nurses, and medical institutions change over the years? What interested filmmakers, and which topics had priority? What does film's obsession with experiments and monstrosities reveal about medical ethics and malpractice? How could the public's perception of the medical profession change when watching these films on diseases and treatments, including palliative care and medical ethics? Are screenwriters, actors, and film directors channeling a popular view of medicine? Cinema, MD analyzes not only changing practices, changing morals, and changing expectations but also medical stereotypes, medical activism, and violations of patients' integrity and autonomy. Examining over 400 films with medical themes over a century of cinema, this book establishes the cultural, medical, and historical importance of the art form. Film allows us to see our humanity, our frailty, and our dependence when illness strikes. Cinema, MD provides uniquely new and fascinating insight into both film criticism and the history of medicine and has a resonance to the medical world we live in today.

SHOW BOAT EDNA FERBER 1926

Boston Riots Jack Tager 2001 The fascinating story of Boston's violent past is told for the first time in this history of the city's riots, from the food shortage uprisings in the 18th century to the anti-busing riots of the 20th century.

Cycling and Cinema Bruce Bennett 2019-04-30 A unique exploration of the history of the bicycle in cinema, from Hollywood blockbusters and slapstick comedies to documentaries, realist dramas, and experimental films. *Cycling and Cinema* explores the history of the bicycle in cinema from the late nineteenth century through to the present day. In this new book from Goldsmiths Press, Bruce Bennett examines a wide variety of films from around the world, ranging from Hollywood blockbusters and slapstick comedies to documentaries, realist dramas, and experimental films, to consider the complex, shifting cultural significance of the bicycle. The bicycle is an everyday technology, but in examining the ways in which bicycles are used in films, Bennett reveals the rich social and cultural

importance of this apparently unremarkable machine. The cinematic bicycles discussed in this book have various functions. They are the source of absurd comedy in silent films, and the vehicles that allow their owners to work in sports films and social realist cinema. They are a means of independence and escape for children in melodramas and kids' films, and the tools that offer political agency and freedom to women, as depicted in films from around the world. In recounting the cinematic history of the bicycle, Bennett reminds us that this machine is not just a practical means of transport or a child's toy, but the vehicle for a wide range of meanings concerning individual identity, social class, nationhood and belonging, family, gender, and sexuality and pleasure. As this book shows, two hundred years on from its invention, the bicycle is a revolutionary technology that retains the power to transform the world.

The Soft Cage Christian Parenti 2004-11-24

From the cutting-edge young historian and reporter Christian Parenti, a vivid, chilling history of surveillance in American life—from the antebellum South to the computerized landscape of the futuristic present.

Sixties British Cinema Reconsidered Petrie

Duncan Petrie 2020-03-02 This collection of exciting new research on British cinema of the 1960s reconsiders and reframes the film culture that emerged from that tumultuous decade. Challenging assumptions around Sixties stardom, the book focuses on creative collaboration and the contribution of production personnel beyond the director, and discusses how cultural change is reflected in both film style and cinematic themes. With perspectives and insights from established scholars and new critical voices, *Sixties British Cinema Reconsidered* draws on under-explored

archival resources to explore four key research areas: stars and stardom; creative collaborations in filmmaking; developments in genre and film style; and how the cinema of the period both responded and contributed to social and cultural transformation in the 1960s.

Directions for Directing Avra Sidiropoulou
2018-09-04 *Directions for Directing: Theatre and Method* lays out contemporary concepts of directing practice and examines specific techniques of approaching scripts, actors, and the stage. Addressed to both young and experienced directors but also to the broader community of theatre practitioners, scholars, and dedicated theatre goers, the book sheds light on the director's multiplicity of roles throughout the life of a play - from the moment of its conception to opening night - and explores the director's processes of inspiration, interpretation, communication, and leadership. From organizing auditions and making casting choices to decoding complex dramaturgical texts and motivating actors, *Directions for Directing* offers practical advice and features detailed workbook sections on how to navigate such a fascinating discipline. A companion website explores the work of international practitioners of different backgrounds who operate within various institutions, companies, and budgets, providing readers with a wide range of perspectives and methodologies.

The Art of American Screen Acting, 1960 to Today
Dan Callahan 2019-01-31 Modern screen acting in English is dominated by two key figures: Method acting guru Lee Strasberg—who taught the “the art of experiencing” over “the art of representing”—and English theater titan Laurence Olivier, who once said of the Method's immersive approach, “try acting, it's so much easier.” This book explores in detail the work of such method actors as Al Pacino, Ellen Burstyn, Jack Nicholson and Jane Fonda, and charts the shift away from the more internally focused Strasberg-based acting of the 1970s, and towards the more “external” way of working, exemplified by the career of Meryl Streep in the 1980s.

Blackpool's Seaside Heritage Allan Brodie
2015-04-01 Blackpool is Britain's favourite seaside

resort. Each year millions of visitors come to walk on its three piers, ride donkeys, enjoy shows at the Winter Gardens, scream on the thrilling rides at the Pleasure Beach and ride the lift to the top of the Tower. Generations of holidaymakers have stayed in its hotels, lodging houses and bed and breakfasts and all have succumbed to its delectable fish and chips. Two centuries of tourism has left behind a rich heritage, but Blackpool has also inherited a legacy of social and economic problems, as well as the need for comprehensive new sea defences to protect the heart of the town. In recent years this has led to the transformation of its seafront and to regeneration programmes to try to improve the town, for its visitors and residents. This book celebrates Blackpool's rich heritage and examines how its colourful past is playing a key part in guaranteeing that it has a bright future.

Performing Music History John C. Tibbetts
2018-09-29 *Performing Music History* offers a unique perspective on music history and performance through a series of conversations with women and men intimately associated with music performance, history, and practice: the musicians themselves. Fifty-five celebrated artists—singers, pianists, violinists, cellists, flutists, horn players, oboists, composers, conductors, and jazz greats—provide interviews that encompass most of Western music history, from the Middle Ages to contemporary classical music, avant-garde innovations, and Broadway musicals. The book covers music history through lenses that include “authentic” performance, original instrumentation, and social context. Moreover, the musicians interviewed all bring to bear upon their respective subjects three outstanding qualities: 1) their high esteem in the music world as immediately recognizable names among musicians and public alike; 2) their energy and devotion to scholarship and the recovery of endangered musical heritages; and 3) their considerable skills, media savvy, and showmanship as communicators. Introductory essays to each chapter provide brief synopses of historical eras and topics. Combining careful scholarship and lively conversation, *Performing Music History* explores historical contexts for a

host of fascinating issues.

Greatness and Grief: an Appreciation of Richard

Burton Gabriel Hershman 2020-07-16 Actor George Segal on Greatness and Grief: "Read it from cover to cover. Delightful, illuminating and fun. Many things I didn't know. And a lovely trip down memory lane for the things I did know." Sian Owen (Richard's niece) "My sister Meg and I both loved the book. Many congratulations." Guy Masterson (Richard's great nephew) "There are several biographies of Richard, all of which approach their subject differently. In my view, Gabriel's gets closest to what made him tick." Richard Burton (1925-1984) was that rare phenomenon - an international superstar who was also a great classical actor. Yet Burton's uproarious marriage to Elizabeth Taylor and extravagant lifestyle drew more publicity than his achievements. By the time of his death a Faustian language had built around him: He had 'wasted his talent', 'thrown away' a promising career and 'sold his soul'. So ran the carping from envious journalists and critics. In reality, Burton left behind many magnificent cinematic performances. Author Gabriel Hershman picks 20 of the Welshman's finest portrayals and explores his unique screen presence. He also uncovers Burton's extraordinary ability to fathom hidden meaning from text and explains why the oft-repeated 'actor with the great voice' label actually failed to do him justice. It also shows why Burton, although no saint, did not deserve the litany of brickbats that came his way. This appreciation spurns the clichéd, lurid nature of certain previous works on Burton. The focus here is on his inner life. It reveals how Burton's fusion of remarkable energy, concentration, stillness and intensity made him such a riveting actor. The author also shows how Burton's demons, which manifested in his catastrophic drinking, influenced his acting. We come to understand how greatness and grief merged to create two of the most superlative performances seen on film - as Alec Leamas in *The Spy Who Came in from the Cold* and George in *Who's Afraid of Virginia Woolf?* With the help of those who knew him best, including director Tony Palmer who worked with him on *Wagner* for nine months, and his great

nephew Guy Masterson, Hershman reveals Burton's extraordinary intellect but also deep-rooted insecurity. Ultimately, if perhaps ironically, Richard Burton found happiness once his yearning for a simpler life was fulfilled. The author was also given access to unabridged interviews with Burton's fifth wife, Sally, and his daughter Kate, excerpts of which were mentioned on Tony Palmer's brilliant documentary about Burton - *In From The Cold?* With this erudite yet accessible work, the author hopes to introduce younger audiences to Burton's work. Thirty seven years after Richard Burton's death he finally shows why critics misunderstood him - mistaking Richard's depression for carelessness and his ostentation for arrogance. Above all, they failed to acknowledge the genius of the 20th Century's greatest actor. This incisive analysis of Burton's psychology and greatest screen achievements is the most rounded portrait of Richard Burton yet published.

The Eastern Shore of Virginia, 1603-1964

Nora Miller Turman 1964 *The Eastern Shore* covers the counties of Accomack and Northampton.

The Film Book Ronald Bergan 2021-03-30

Miles Miles Davis 1990-09-15 Miles discusses his life and music from playing trumpet in high school to the new instruments and sounds from the Caribbean.

Congressional Intern Handbook Sue Grabowski 1996

Contemporary Hollywood Masculinities Susanne Kord 2013-12-04 Kord and Krimmer investigate the most common male types - cops, killers, fathers, cowboys, superheroes, spies, soldiers, rogues, lovers, and losers - by tracing changing concepts of masculinity in popular Hollywood blockbusters from 1992 to 2008 - the Clinton and Bush eras - against a backdrop of contemporary political events, social developments, and popular American myths. Their in-depth analysis of over sixty films, from *The Matrix* and *Iron Man* to *Pirates of the Caribbean* and *The Lord of the Rings*, shows that movies, far from being mere entertainment, respond directly to today's social and political realities, from consumerism to "family values" to the War on Terror.

London Labour and the London Poor Henry

Mayhew 1851

Black Sheep Gabriel Hershman 2018-02-16 Once hailed by John Osborne as 'the greatest actor since Brando', latterly known as a ruined genius whose unpredictable, hellraising behaviour was legendary, Nicol Williamson always went his own way. Openly dismissive of 'technical' actors, or others who played The Bard as if 'their finger was up their arse', Williamson tore up the rule book to deliver a fast-talking canon of Shakespearean heroes, with portrayals marked by gut-wrenching passion. According to one co-star, Williamson was like a tornado on stage - 'he felt he was paddling for his life'. Fiercely uncompromising, choosy about the roles he accepted, contemptuous of the 'suits' who made money from artists, and a perfectionist who never accepted second best from himself or others, Nicol sometimes alienated those around him. But even his detractors still acknowledge his brilliance. After an extraordinary career on both stage and screen, Williamson was burnt out as an actor by the age of 60. Yet, as Gabriel Hershman explains in this authorised biography, a premature end was perhaps inevitable for an actor who always went the extra mile in every performance.

Troilus and Cressida William Shakespeare 1905

Send in the Clowns - The Yo Yo Life of Ian Hendry Gabriel Hershman 2013-04-04 The first ever biography of the late Ian Hendry tells the story of a great actor destroyed by his own demons. The original star of *The Avengers*, Ian went on to give iconic performances in films such as *Live Now Pay Later*, *The Hill* and *Get Carter* and TV series such as *The Lotus Eaters*. Hailed by John Nettles as a ruined genius and by Brian Clemens as Britain's greatest actor, this is a touching story of an outstandingly talented star dogged by tragedy.

Life and Acting Jack Garfein 2010 "Jack Garfein's book is a touching reminder of our early attempts at creating theater without artifice. It is good to know that he is still working hard at it."---Ben Gazzara --

Mae Murray Michael G. Ankerich 2013-01-04 This story of a silent-film star's rise and fall offers "a lesson about those heady days of early Hollywood and the transience of fame" (*Library Journal*).

Renowned for her classic beauty and charismatic presence, Mae Murray rocketed to stardom as a dancer in the Ziegfeld Follies, moving across the country to star in her first film, *To Have and to Hold*, in 1916. An instant hit with audiences, Murray soon became one of the most famous names in Tinseltown. But Murray's moment in the spotlight was fleeting. The introduction of talkies, a string of failed marriages, a serious career blunder, and a number of bitter legal battles left the former star in a state of poverty and mental instability that she would never overcome. In this intriguing biography, Michael G. Ankerich traces Murray's career from the footlights of Broadway to the klieg lights of Hollywood, recounting her impressive body of work on the stage and screen and charting her rapid ascent to fame and decline into obscurity. Featuring exclusive interviews with Murray's only son, Daniel, and with actor George Hamilton, whom the actress closely befriended at the end of her life, Ankerich restores this important figure in early film to the limelight. "If Billy Wilder hasn't made the definitive movie about the delusions of stardom in *Sunset Boulevard*, Murray's story, a blend of absurdity and pathos, would make a terrific one."
