The Psychosocial Implications of Disney

Movies Lauren Dundes 2019-07-11 In this volume of 15 articles, contributors from a wide range of disciplines present their analyses of Disney movies and Disney music, which are mainstays of popular culture. The power of the Disney brand has heightened the need for academics to question whether Disney's films and music function as a tool of the Western elite that shapes the views of those less empowered. Given its global reach, how the Walt Disney Company handles the role of race, gender, and sexuality in social structural inequality merits serious reflection according to a number of the articles in the volume. On the other hand, other authors argue that Disney productions can help individuals cope with difficult situations or embrace progressive thinking. The different approaches to the assessment of Disney films as cultural artifacts also vary according to the theoretical perspectives guiding the interpretation of both overt and latent symbolic meaning in the movies. The authors of the 15 articles encourage readers to engage with the material, showcasing a variety of views about the good, the bad, and the best way forward.

Brand Royalty Matt Haig 2006 More than simply a comprehensive collection of brand success stories, this text will also help businesses and students to easily identify the factors behind these successes, and to place them into a broader business and social context.

Blink Malcolm Gladwell 2007-04-03 From the #1 bestselling author of *The Bomber Mafia*, the landmark book that has revolutionized the way we understand leadership and decision making. In his breakthrough bestseller *The Tipping Point*, Malcolm Gladwell redefined how we understand the world around us. Now, in *Blink*, he revolutionizes the way we understand the world within. *Blink* is a book about how we think without thinking, about choices that seem to be made in an instant--in the blink of an eye--that actually aren't as simple as they seem. Why are some people brilliant decision makers, while others are consistently inept? Why do some people follow their instincts and win, while others end up stumbling into error? How do our brains really work--in the office, in the classroom, in the kitchen, and in the bedroom? And why are the

best decisions often those that are impossible to explain to others? In *Blink* we meet the psychologist who has learned to predict whether a marriage will last, based on a few minutes of observing a couple; the tennis coach who knows when a player will double-fault before the racket even makes contact with the ball; the antiquities experts who recognize a fake at a glance. Here, too, are great failures of "blink": the election of Warren Harding; "New Coke"; and the shooting of Amadou Diallo by police. *Blink* reveals that great decision makers aren't those who process the most information or spend the most time deliberating, but those who have perfected the art of "thin-slicing"--filtering the very few factors that matter from an overwhelming number of variables.

Kingdom Keepers II (Volume 2) Ridley Pearson 2020-04-14 It's supposed to be a happy day at the Magic Kingdom—the return of the teenaged holographic hosts. But things go very wrong when a sudden lightning storm disrupts the celebration, and Amanda's mysterious sister, Jez, disappears. The only clue is the sighting of a wild monkey in the Magic Kingdom during the storm. The mystery deepens as Finn is contacted by Wayne, an old man he hasn't heard from in months. Wayne tells Finn that there's trouble at the Animal Kingdom: the evil Overtakers have gained control of one of the computer servers that will be used to operate Daylight Holographic Imaging there. That means that if any of the holographic hosts fall asleep, they will go into comas—permanently. Filled with action and brimming with the same meticulous detail as *The Kingdom Keepers: Disney After Dark*, this second book in the series —*The Rise of Chernabog*—is the result of hands-on research behind the scenes at Disney's Animal Kingdom Park. Young and older readers alike will get a glimpse into a second Disney kingdom. The wild rides have only just begun; and the clock is ticking. How long can the teens keep themselves awake in their quest to find their friend—and what happens if they fail?

Tractor Trouble (Disney/Pixar Cars) Frank Berrios 2013-12-18 Mater and Lightning McQueen team-up to track down runaway tractors in this all-new Little Golden Book featuring all of your favorite

characters from Disney/Pixar Cars. It's a must-have for children ages 3-7!

Animals at Night Anne Jankeliowitch 2017 "A glow-in-the dark reference book that helps the reader learn about nocturnal animals. What hides in the deep darkness of the night under the starry sky? What does the light of the moon shine upon? At night, we can see their glowing eyes in the dark. But, what are they? Easy: they are nocturnal animals! The bonus of this book: thanks to a phosphorescent system of glow-in-the-dark images, the reader sees different elements appear such as animals, stars, lights, and other background features."--

The Art of the Storyboard John Hart 1999 *The Art of the Storyboard* shows beginners how to conceptualize and render the drawings that will communicate continuity to the cinematographer, set designer, and special effects supervisor, or to create the skeletal outline around which an animated program is developed. Using sketches of shots from classic films, from silents to the present, *The Art of the Storyboard* covers the history and evolution of this craft and discusses the essentials of translating one's vision onto paper, from the rough sketch to the finished storyboard. Over 100 illustrations from the author's and other storyboard artists' work illuminate the text throughout. Exercises at the end of each chapter help students to develop essential drawing and visualizing skills. *The Art of the Storyboard* teaches basic drawing techniques and illustrates the use of perspective, light and shade, and depth of field needed in order to render the human figure in motion. In this book students are introduced to essential components of storyboarding, such as framing, placement of figures, and use of camera angles

John Lasseter Richard Neupert 2016-05-15 Celebrated as Pixar's "Chief Creative Officer," John Lasseter is a revolutionary figure in animation history and one of today's most important filmmakers. Lasseter films from *Luxo Jr.* to *Toy Story* and *Cars 2* highlighted his gift for creating emotionally engaging characters. At the same time, they helped launch computer animation as a viable commercial medium and serve as blueprints for the genre's still-expanding

commercial and artistic development. Richard Neupert explores Lasseter's signature aesthetic and storytelling strategies and details how he became the architect of Pixar's studio style. Neupert contends that Lasseter's accomplishments emerged from a unique blend of technical skill and artistic vision, as well as a passion for working with collaborators. In addition, Neupert traces the director's career arc from the time Lasseter joined Pixar in 1984. As Neupert shows, Lasseter's ability to keep a foot in both animation and CGI allowed him to thrive in an unconventional corporate culture that valued creative interaction between colleagues. The ideas that emerged built an animation studio that updated and refined classical Hollywood storytelling practices--and changed commercial animation forever.

The Art of Cars 2 Ben Queen 2015-11-10 *Cars 2* is a globetrotting, high-octane ride through the world of Lightning McQueen, his best friend Mater, and an international collection of completely new characters. *The Art of Cars 2* follows the development of the second installment in the *Cars* series, from the first story concepts and the filmmakers' worldwide research to the intricate "carified" details that make up the unique *Cars 2* universe. Featuring the behind-the-scenes concept art that went into the film's creation--including color scripts, storyboards, character studies, environmental art, sculpts, and more--as well as a forward by director and racecar-enthusiast John Lasseter, *The Art of Cars 2* celebrates the art and intrigue of this amazing new Pixar film.

Cars (Disney-Pixar: Classic Collection #24)

2020-01-09 Lightning McQueen, a hotshot rookie racing car, wants to become the youngest car ever to win the Piston Cup. When the race ends in a threeway tie, Lightning heads to California for a decider race and makes an unexpected pit stop in a small town called Radiator Springs. Enjoy this large size Disney-Pixar storybook, featuring illustrated pages fans can treasure for years to come.

Game Feel Steve Swink 2008-10-13 "Game Feel" exposes "feel" as a hidden language in game design that no one has fully articulated yet. The language could be compared to the building blocks of music (time signatures, chord progressions, verse) - no matter the instruments, style or time period - these building blocks come into play. Feel and sensation are similar building blocks where game design is concerned. They create the meta-sensation of involvement with a game. The understanding of how game designers create feel, and affect feel are only partially understood by most in the field and tends to be overlooked as a method or course of study, yet a game's feel is central to a game's success. This book brings the subject of feel to light by consolidating existing theories into a cohesive book. The book covers topics like the role of sound, ancillary indicators, the importance of metaphor, how people perceive things, and a brief history of feel in games. The associated web site contains a playset with ready-made tools to design feel in games, six key components to creating virtual sensation. There's a play palette too, so the designer can first experience the importance of that component by altering variables and feeling the results. The playset allows the reader to experience each of the sensations described in the

book, and then allows them to apply them to their own projects. Creating game feel without having to program, essentially. The final version of the playset will have enough flexibility that the reader will be able to use it as a companion to the exercises in the book, working through each one to create the feel described.

Good Night, Lightning (Disney/Pixar Cars) RH Disney 2013-01-08 A bedtime board book featuring Lightning McQueen and friends from Disney/Pixar Cars! It's bedtime in Radiator Springs, but before Lightning McQueen can go to sleep, he has to say goodnight to all of his friends from Disney/Pixar's Cars! College Admission-How to Get Into Your Dream School James W. Lewis 2018-11-16 College Admission-- How to Get Into Your Dream School: Real Students, Real Stories is a how-to guide for college-bound students and their families filled with personal, relevant guidance and useful information in the college search and application process. Students who have successfully joined the ranks of their dream schools share their own journeys and first-hand experiences that led them to college acceptance. Expert advice, tips, and pitfalls from high school counselors, college admissions officers, and the author's own observations in working with thousands of high school scholars provide an equal level of hope for all students as they identify and apply to their dream schools. Real stories and essay samples from real students pursuing a wide range of school options--from community colleges to the Ivy League--are what set this book apart. It is a relatable and rich resource for anyone looking to find his or her best-fit college or university.

Lights Out, Night's Out William Boniface 2009-09-15 A dazzling visual contrasts between the late night atmosphere and the colourful creatures who roam the land in the late hours.

Kingdom Keepers IV: Power Play Ridley Pearson 2011-04-05 For the five teens who modeled as Disney Hologram Imaging hosts, life is beginning to settle down when an intriguing video arrives to Philby's computer at school. It's a call for action: the Overtakers, a group of Disney

villains, seem to be plotting to attempt a rescue of two of their leaders, both of whom the Disney Imagineers have hidden away somewhere following a violent encounter in Epcot. Includes a preview chapter from Kingdom Keepers V - Shell Game

Kingdom Keepers VI: Dark Passage Ridley Pearson 2013-04-02 The five Kingdom Keepers and their core friends have uncovered a startling truth: Disney villains Maleficent and the Overtakers are plotting a catastrophic event that could have repercussions far beyond the world of Disney. Aboard the Disney Cruise Line's inaugural passage through the new Panama Canal, the Keepers and their holograms uncover a puzzle hidden within the pages of a stolen journal. The point of that puzzle will reveal itself in the caves of Aruba, the zip lines of Costa Rica, and the jungles of Mexico. A destructive force, dormant for decades, is about to be unleashed. The five Kingdom Keepers are to be its first victims! Includes a preview chapter from Kingdom Keepers VII - The Insider!

Can You Count the Stars? Georgina Wren 2020-07 It's time for little mice to hurry to their beds. Can you count the shooting stars, high above their heads? Read the gentle rhyming story and count the stars as they disappear from five to one. Adorable illustrations and glow-in-the-dark stars make this book perfect for sharing with little

ones to calm and reassure them at bedtime.

The Art of Brave Jenny Lerew 2015-11-10 Brave is Pixar's thirteenth feature film, but it marks two big firsts for the award-winning animation studio. It's Pixar's first feature film driven by a female lead and its first set in an ancient historical period. Against a backdrop of castles, forests, and highlands, Brave follows the fiery Merida as she clashes with the duty of her royal life and embarks on a journey through the rugged landscape of the dark ages of Scotland. At once epic and intimate, the latest Pixar masterpiece weaves a story of magic, danger, and adventure and the fierce bonds of family. Featuring behind-the-scenes interviews with the film's many artists and filmmakers, The Art of Brave showcases the gorgeous concept art that went into the making of this movie, including color scripts, storyboards, character studies, environment art, sculpts, and more. A Foreword by Brenda Chapman and Mark Andrews, the film's directors, and a preface by Chief Creative Officer John Lasseter shed light on the creation of this landmark film.

Look Out for Mater! (Disney/Pixar Cars) RH Disney 2013-12-18 Mater loves to have fun. But he's not always as careful as he should be. Luckily, he has his best buddy, Lightning McQueen, to look out for him! This full-color Little Golden Book features all the characters from the blockbuster movie Cars in an action-packed, brand-new story.

Mater Saves the Day Veronica Wagner 2011-04-20 It's no wonder why kids love Little Sound Books. They include amusing stories, favorite characters, colorful pictures, and seven sound buttons. Character voices and story sounds make these already exciting stories even more fun to read.
