Perception and Reality in the Modern

Yugoslav Conflict Brendan O'Shea 2012-10-12 In this book, the author has tried bridge the gap between the common perception of the Yugoslav conflict as portrayed in the media and the actual grim reality with which he was dealing as an EU monitor on the ground. Drawing on original material from both UN and ECMM sources, he has identified the true origin of Former Yugoslavia's wars of dissolution, and critically examines the programme of violence which erupted in 1991 and eventually culminated in 1995 in the vicious dismemberment of a sovereign federal republic with seat at the United Nations. In doing so, he highlights the duplicitous behaviour of all parties to the conflict; the double standards employed throughout by the United States in its foreign policy; the lengths to which the Sarajevo government manipulated the international media to promote a 'victim' status; the contempt in which UN peace-keepers were ultimately held by all sides; and the manner in which Radovan Karadzic was sacrificed at the altar of political expediency, when the real culprits were Slobodan Milosevic and his acolyte, General Ratko Mladic. This book,

the first by an EU Monitor with actual experience of the conflict, tells the real story of the modern Yugoslav conflict, 1991-1995.

In the space of a mere century, a remarkable vocabulary has evolved to deal with the extraordinary environment and living organisms of the Antarctic and subantarctic. Here, for the first time, is a complete guide to the origin and definitions of Antarctic words. Like other historical dictionaries, The Antarctic Dictionary gives the reader quotations for each word. The reader will find out what it means to be slotted, the shortcomings of homers, the joys of a donga and the hazards of a growler. The Antarctic Dictionary has been meticulously researched, and will appeal to all those who have been to the frozen continent or have ever dreamed of going there. It will also appeal to those fascinated by the development of language. With a forward by Sir Ranulph Fiennes.

Everything You Know About God Is Wrong
Russ Kick 2007-06-01 In the new mega-anthology from best-selling editor Russ Kick, more than fifty writers, reporters, and researchers invade the inner sanctum for an unrestrained look at the wild and wooly world of organized belief. Richard Dawkins shows us the strange, scary properties of religion; Neil Gaiman turns a biblical atrocity story into a comic (that almost sent a publisher to

prison); Erik Davis looks at what happens when religion and California collide; Mike Dash eyes stigmatics; Douglas Rushkoff exposes the trouble with Judaism; Paul Krassner reveals his "Confessions of an Atheist"; and best-selling lexicographer Jonathon Green interprets the language of religious prejudice. Among the dozens of other articles and essays, you'll find: a sweeping look at classical composers and Great American Songbook writers who were unbelievers, such as Irving Berlin, creator of "God Bless America"; the definitive explanation of why America is not a Christian nation; the bizarre, Catholic-fundamentalist books by Mel Gibson's father; eye-popping photos of bizarre religious objects and ceremonies, including snake-handlers and pot-smoking children; the thinly veiled anti-Semitism in the Left Behind novels; an extract from the rare, suppressed book *The Sex Life of Brigham Young*; and rarely seen anti-religious writings from Mark Twain and H.G. Wells. Further topics include exorcisms, religious curses, Wicca, the Church of John Coltrane, crimes by clergy, death without God, Christian sex manuals, the "ex-gay" movement, failed prophecies, bizarre theology, religious bowling, atheist rock and roll, "how to be a good Christian," an entertaining look at the best (and worst) books on religion, and much more.

[The Neutrino Effect](#) Michael E. Kirshteyn 2002-07-17 In a tumultuous future you may live to see, in a world poised on the brink of an uneasy peace, there will come a time of great discovery. One man's vision of a united earth will collide head-on with the ideals of a civilization so advanced that language has become nearly obsolete and conflict has evolved far beyond the simplicities of weapons and war. In this cataclysmic twilight moment in history, the peoples of our planet must band together towards a higher purpose or be destroyed by the machinations of our own short-sightedness. This is the first exciting adventure of Vladimir Ustinov and his team of scientists and philosophers, as they blaze the way for humankind's seminal encounter with The World Builders, an alien race whose nobility and cunning is matched only by their incredible achievements in the manipulation of physics. As Ustinov and his trusted companions Xan Huxley, Harry Northrop and General Jake Vicobs open the door to our first glimpse into a vast universe filled with overwhelming wonder and terrifying evil, they will discover that the ultimate equation is something far more complex than any of them could have imagined. An equation that will reach across time and space to teach new lessons, build new empires, and destroy the final barrier between man and alien.

This is what others have to say about Integral Tarot: Decoding the Essence: Ronald Scott Maestri, Comedian, Producer and Talk Show Host on QVC

and Shop at Home Network, said this about Integral Tarot: Suzanne Wagner dazzles me every time she reads my Tarot cards. I'd watch in amazement, as she would literally dance across the messages of the cards, hitting me right between the eyes with their messages of truth and wisdom. Her personal experience and understanding of them is obviously quite vast, based on her own years of working experience. In a rare opportunity, Suzanne shares her incredible insights into how to read each and every card with her book, "Integral Tarot". Today, I have a greater insight into myself. I start each day with my own personal readings. Using Suzanne's book as my guide, those cards speak truths directly to me, even more clearly than when I was a passive observer getting read by someone else. Now, I can hear my guardian angel speak right through me, and you will too. I highly recommend this book to you. It will change your life, just as it continues to change mine. Joel Castleberg, Producer and Owner of Panama Pictures said this about the book: "I have owned and experimented with a Tarot deck for over 15 years and never really knew how to work with it." "Working with Suzanne's Tarot book for only a short time has been extraordinary...in terms of learning about the Tarot, but mostly as a guide in my own personal exploration of consciousness."
