[Meghan](#) Andrew Morton 2018-04-12 The first in-depth biography of the American actress and humanitarian campaigner who married Prince Harry in May 2018, written by the world's best-known royal biographer. When Meghan Markle and Prince Harry were set up by a mutual friend on a blind date in June 2016, little could they know that just sixteen months later the resulting whirlwind romance would lead to their engagement in November 2017 and marriage in May 2018. Since then, our fascination with the woman who has smashed the royal mould has rocketed. So different to those coy brides of recent history, Meghan is confident, charismatic and poised, her warm and affectionate engagement interview a stark contrast to the stilted and cold exchange between Prince Charles and Lady Diana Spencer. In this first-ever biography of the duchess-to-be, acclaimed royal biographer Andrew Morton goes back to Meghan's roots, interviewing those closest to her to uncover

the story of her childhood: growing up in The Valley in LA, studying at an all-girls Catholic school and her breakout into acting. We also delve into her previous marriage and divorce in 2013, her struggles in Hollywood, as her mixed heritage was time and again used against her, and her work as a humanitarian ambassador - so redolent of Princess Diana's passions. Finishing with an account of her romance with Prince Harry, Morton reflects on the impact that Meghan has already made on the rigid traditions of the House of Windsor - not even Kate Middleton was invited to Christmas with the Queen before she had married her prince - and what the future might hold.

Across Spoon River Edgar Lee Masters

2018-09-03 The memoirs of one of Illinois' great poets, author of *Spoon River Anthology*, with many vignettes of the Chicago Renaissance. This intimate and provocative autobiography, first published in 1936, reveals the innermost thoughts of a great American poet. Edgar Lee Masters was a transitional figure in American literature with one foot planted in the nineteenth century and the other firmly placed on the path of what we now think of as the modern period. Richly illustrated throughout with black and white photographs. "Across Spoon River: An Autobiography is blunt and cranky about a life [Masters] saw as largely "scrappy and unmanageable." Emphasizing life on his grandfather's farm, his school days, his political battles, the workday world, and the growth of a poet's mind through wide reading, the book is a valuable record of Masters's work habits and offers considerable insight on his position as a critic and his place in American literature."—Ronald Primeau, *American National Biography*

**Lamberto, Lamberto, Lamberto** Gianni Rodari  
2011-12-06 A fable for children and adults: a story of life, death, and terrorism—in the grand tradition of Exupéry's *The Little Prince* When we first meet 93-year-old millionaire Baron Lamberto, he has been diagnosed with 24 life-threatening ailments—one for each of the 24 banks he owns. But when he takes the advice of an Egyptian

mystic and hires servants to chant his name over and over again, he seems to not only get better, but younger. Except then a terrorist group lays siege to his island villa, his team of bank managers has to be bussed in to help with the ransom negotiations, and a media spectacle breaks out . . . A hilarious and strangely moving tale that seems ripped from the headlines—although actually written during the time the Red Brigades were terrorizing Italy—Gianni Rodari's *Lamberto, Lamberto, Lamberto* has become one of Italy's most beloved fables. Never before translated into English, the novel is a reminder, as Rodari writes, that "there are things that only happen in fairytales."
