*Mad As A Hatter* Alexandra Hayman 2014-05-12  
London, 1882. When 14-year-old Emil's cousin goes missing amidst a string of murders, he manoeuvres himself onto the case with his guardian, inspector Corwin James of Scotland Yard. Through careful examination of the suspicious notes left at the crime scenes and of the unsettling pattern the deaths take on, the two begin to piece the curious murders together into a case with more questions than answers. Who is behind the Wonderland Murders? What do all the victims have in common? And can the murderer be stopped? As Emil draws closer and closer to discovering the truth, it becomes clearer by the minute that the case is more personal than he wants to admit. Though he tries to avoid it, the more he investigates, the more the past forces itself into his consciousness, and what he learns will take him down the rabbit hole—again. Does he have it in him to stop the Mad Hatter and to save himself?

**Other Words for Smoke** Sarah Maria Griffin  
2019-03-12 Twins Mae and Rossa's summer away from home becomes life altering when they discover a house full of witches, experience devastating first love, and face a dark power beyond any imagining. Sarah Maria Griffin's haunting and literary sophomore novel explores

the balance between love and fear, weakness and power, and the lengths one will go to claim one's freedom. For fans of Libba Bray's *The Diviners* and Maggie Stiefvater's *All the Crooked Saints*. When the women from the house at the end of the lane went missing, none of the townspeople knew what happened. A tragedy, they called it. Only twins Mae and Rossa know the truth about that fateful summer. Only they know about the owl in the wall, the uncanny cat, the insidious creatures that devour love and fear. Only they know the trials of loving someone who longs for power, for freedom, for magic. Only they know what brought everything tumbling down around them. And they'll never, ever breathe a word. With an unusual structure spanning five summers, intriguing characters, and a dark mystery, this uncommon novel will appeal to readers of Rin Chupeco's *The Bone Witch* and Madeleine Roux's *House of Furies*.

**The Last Policeman** Ben H. Winters 2012-07-10 "[The] weird, beautiful, unapologetically apocalyptic Last Policeman trilogy is one of my favorite mystery series."—John Green, author of *The Fault in Our Stars* and *Paper Towns* Winner of the 2013 Edgar® Award Winner for Best Paperback Original! What's the point in solving murders if we're all going to die soon, anyway? Detective Hank Palace has faced this question ever since asteroid 2011GV1 hovered into view. There's no chance left. No hope. Just six precious months until impact. The Last Policeman presents a fascinating portrait of a pre-apocalyptic United States. The economy spirals downward while crops rot in the fields. Churches and synagogues are packed. People all over the world are walking off the job—but not Hank Palace. He's investigating a death by hanging in a city that sees a dozen suicides every week—except this one feels suspicious, and Palace is the only cop who cares. The first in a trilogy, *The Last Policeman* offers a mystery set on the brink of an apocalypse. As Palace's investigation plays out under the shadow of 2011GV1, we're confronted by hard questions way beyond "whodunit." What basis does civilization rest upon? What is life worth? What would any of us do, what would we really do, if our days were numbered? Ebook contains an excerpt from the anticipated second book in the trilogy, *Countdown City*.

But Grace, unable to let go of her memories of their love and life together, cannot accept this explanation. As Grace hunts through forgotten corners of the cottage searching for clues, and digs deeper into the lives of the locals, strange dreams begin to haunt her. Don't try to smuggle a phone or any other piece of technology over the wall that marks the Border — unless you enjoy a fireworks display in your backpack. (Ballpoint pens are okay.) There are elves, harpies, and — best of all as far as Elliot is concerned — mermaids. "What's your name?" "Serene." "Serena?" Elliot asked. "Serene," said Serene. "My full name is Serene-Heart-in-the-Chaos-of-Battle." Elliot's mouth fell open. "That is badass." Elliot? Who's Elliot? Elliot is thirteen years old. He's smart and just a tiny bit obnoxious. Sometimes more than a tiny bit. When his class goes on a field trip and he can see a wall that no one else can see, he is given the chance to go to school in the *Borderlands*. It turns out that on the other side of the wall, classes involve a lot more weaponry and fitness training and fewer mermaids than he expected. On the other hand, there's Serene-Heart-in-the-Chaos-of-Battle, an elven warrior who is more beautiful than anyone Elliot has ever seen, and then there's her human friend Luke: sunny, blond, and annoyingly likeable. There are lots of

*Time Travel for Love and Profit* Sarah Lariviere 2021-01-26 When Nephele has a terrible freshman year, she does the only logical thing for a math prodigy like herself: she invents a time travel app so she can go back and do it again (and again, and again) in this funny love story, Groundhog Day for the iPhone generation. Fourteen-year-old Nephele used to have friends. Well, she had a friend. That friend made the adjustment to high school easily, leaving Nephele behind in the process. And as Nephele looks ahead, all she can see is three very lonely years. Nephele is also a whip-smart lover of

math and science, so she makes a plan. Step one: invent time travel. Step two: go back in time, have a do-over of 9th grade, crack the code on making friends and become beloved and popular. Does it work? Sort of. Nephele does travel through time, but not the way she planned--she's created a time loop, and she's the only one looping. And she keeps looping, for ten years, always alone. Now, facing ninth grade for the tenth time, Nephele knows what to expect. Or so she thinks. She didn't anticipate that her new teacher would be a boy from her long ago ninth grade class, now a grown man; that she would finally make a new friend, after ten years. And, she couldn't have pictured someone like Jazz, with his deep violet eyes, goofy magic tricks and the quietly intense way he sees her. After ten freshman years, she still has a lot more to learn. But now that she's finally figured out how to go back, has she found something worth staying for?

Will please fans of Cassandra Clare and *Game of Thrones* watchers with its remarkable world building; richly developed characters; and themes of family, power, loyalty, and romance. . . . [Book 2] cannot come soon enough!" —Booklist, Starred For fans of Cassandra Clare's *City of Bones* and Laini Taylor's *Daughter of Smoke & Bone*, *The Girl at Midnight* is the story of a modern girl caught in an ancient war. Beneath the streets of New York City live the Avicen, an ancient race of people with

feathers for hair and magic running through their veins. Age-old enchantments keep them hidden from humans. All but one. Echo is a runaway pickpocket who survives by selling stolen treasures on the black market, and the Avicen are the only family she's ever known. Echo is clever and daring, and at times she can be brash, but above all else she's fiercely loyal. So when a centuries-old war crests on the borders of her home, she decides it's time to act. Legend has it that there is a way to end the conflict once and for all: find the Firebird, a mythical entity believed to possess power the likes of which the world has never seen. It will be no easy task, though if life as a thief has taught Echo anything, it's how to hunt down what she wants . . . and how to take it. But some jobs aren't as straightforward as they seem.
