Organizational Behavior, Global Edition

STEPHEN P.. JUDGE ROBBINS (EDWARD H.)

2018-07-24 For undergraduate and graduate courses in organizational behavior. Help students apply OB concepts The world's most successful Organizational Behavior textbook provides the research you want, in the language your students understand. This text makes current, relevant research come alive for readers. The 18th Edition reflects the most recent research and business events within the field of organizational behavior, while maintaining its hallmark features -- a clear writing style, cutting-edge content, and intuitive pedagogy. There's a reason why Robbins's textbooks have educated millions of students and have been translated into 20 languages -- and it's because of a commitment to provide engaging, cutting-edge material that helps students understand and connect with organizational behavior. Also available with MyLab Management By combining trusted authors' content with digital tools and a flexible platform, MyLab personalizes the learning experience and improves results for each student. Note: You are purchasing a standalone product; MyLab Management does not come packaged with this content. Organizational Behavior Fred Luthans

2021-01-01 Contrary to the common saying: we do

want you to judge this new edition of

Organizational Behavior by its front cover.

Specifically, featured is that this is the 14th

edition, it takes an "Evidence-Based Approach,"

and similar to the previous edition there are now

three Luthans authors. This 14th edition is based

on the foundation provided by the first mainline

text which has become the classic for the study

and understanding of organizational behavior.

However, by taking an evidence based approach,

this insures that, even though a classic, this new

edition adds the most recent and relevant

research to the most extensive, up-to-date

reference-base of any organizational behavior

text. By adding the two closely related authors

(professor sons) literally pumps "new blood" into

the sustainability of this classic text by Fred

Luthans. Importantly, Fred has recently been

recognized with: 1) Lifetime Achievement Award

in Organizational Behavior; 2) Top 1% of Citation

Count of all researchers in the world; and 3) the

#1 most cited author in Organizational Behavior

textbooks. Finally, this new edition recognizes

that even though the theoretical framework and

coverage largely remains, the context of

organizational behavior is rapidly changing. This

new edition reflects the "New Age" environment,

but still holds to the premise that in today's

organizations, success and competitive advantage

still comes from the understanding, prediction,

and effective management of human resources.

With this new edition we invite you to continue the

never-ending journey guided by the best

organizational behavior theory, research, and

application.

Organizational Behavior: Human Behavior at

Work John W. Newstrom 2014-01-21

Organizational Behavior: Human Behavior at

Work, 14e is a solid research-based and

referenced text known for its very readable style

and innovative pedagogy. While minimizing

technical jargon, John Newstrom carefully blends

theory with practice so that basic theories come to

life in a realistic context. As in previous editions,

this edition will be filled with practical, applied

advice and a widely accepted, and specially

updated, presentation of five models of

organizational behavior that provides an

integrating framework throughout the book.

Organizational Behavior Joseph E. Champoux 2016-07-22 Organizational Behavior concisely covers the essential theories and concepts students need to understand about behavior in organizational settings in the twenty-first century. Readers interested in management will find insight into their own behavior and the behavior of others to help them perform effectively in organizations. Champoux has carefully selected the topics and built them into frameworks useful for explaining, analyzing, and diagnosing organizational processes. Covering both micro and macro perspectives on organizational behavior, the book includes new topics on leadership styles, generational

differences, and technology in the workplace as well as plenty of examples to help students understand the application of various concepts and theories. Upper-level students of organizational behavior will find the book a useful explanation of managerial and organizational situations. A companion website, featuring instructor manual, test bank, and PowerPoint slides, provides additional support for students and instructors.

Organizational Behavior O. Jeff Harris 2001
This text uses realistic case examples, discussion questions, and self-tests to illustrate principles of workplace psychology. Each chapter begins by posing a difficult work situation, which may be a conflict, a motivation problem, or an issue of diversity, then goes on to discuss principles and theories that apply to the case, covering areas of ethics, problem employees, and organizational culture, as well as neglected areas such as the physical atmosphere of the workplace, the effects of new technologies on workers, and workplace gossip. Harris teaches management at the University of Louisiana- Monroe; Hartman, at the University of New Orleans. Annotation copyrighted by Book News, Inc., Portland, OR
